2013 Membership

The Kulin Arts Council is a comprehensive organisation that all arts based groups or individuals in Kulin can join.

You don't have to be a part of an existing group to be able to benefit from becoming a member of the Kulin Arts Council. For the price of a coffee, we can offer assistance with grant applications, organise workshops and give you access to an extensive knowledge base in a wide variety of Arts areas.

Our committee intend to act as support to existing art groups and individual artists within the Kulin community and we will also promote new artistic projects.
