### 9.3 WAEC to Conduct 2025 Local Government Ordinary Election

---

<b>Responsible Officer:</b>	Chief Executive Officer
<b>File Reference:</b>	13.05
<b>Author:</b>	Manager of Executive Support Services
<b>Strategic Reference:</b>	
<b>Disclosure of Interest:</b>	Nil

#### **SUMMARY:**

To consider the quotation from the Western Australian Electoral Commission (WAEC) to undertake a Postal Election for the Shire of Kulin 2025 Election.

#### **BACKGROUND & COMMENT:**

Council used the WAEC for its 2023 Council election which was quoted at \$13,500 inc GST. Given it was an unopposed election the final cost of the 2023 election was \$6848.58 inc GST.

To enable the WAEC to have sufficient time to work with the Shire to conduct the 2025 election they have circulated a fee proposal for the 2025 Council Election quoted at \$13,280.30 inc GST.

In the authors view, given the Chief Executive Officer's close working and professional relationship with the Elected Member group, having WAEC conduct the election on the Shire's behalf is very important from an impartiality perspective and from a reputational / external stakeholder perspective.

#### **FINANCIAL IMPLICATIONS:**

Should Council agree to the Officers recommendation, the funds will need to be included in the 2025/2026 Budget.

#### **POLICY IMPLICATIONS:**

Council does not have a policy as a set position relevant to conduct of elections being in person or postal by the WAEC.

#### **WORKFORCE IMPLICATIONS:**

Nil

#### **RECOMMENDATION:**

That Council:

- 1 Declare, in accordance with section 4.20(4) for the *Local Government Act 1995*, the WA Electoral Commissioner to be responsible for the conduct of the 2025 ordinary elections together with any other elections or polls which may be required.
2. Decide, in accordance with section 4.61(2) of the *Local Government Act 1995*, that the method of conducting the election will be a Postal Election.

#### **VOTING REQUIREMENTS:**

### **SUMMARY:**

RoeROC Executive Officer, Darren Mollenoyux, is seeking confirmation of the Shire of Kulin delegates to RoeROC ahead of the March 2025 RoeROC meeting.

### **BACKGROUND & COMMENT:**

The terms of reference outlined in RoeROC's MOU set out the process to appoint delegates to the RoeROC committee. A RoeROC meeting is scheduled to take place in March 2025 where the host Council will change from the Shire of Kondinin to the Shire of Corrigin. Recent correspondence from RoeROC's Executive Officer, Darren Mollenoyux, has requested Council consider if there are any changes to the Shire of Kulin's delegates.

In November 2023, following Council elections, elected member portfolio and committee representations were adopted with the Shire's RoeROC delegates being Cr Robins, Cr Smoker and Cr Bowey as proxy being appointed in accordance with the terms of reference of the RoeROC MOU.

The purpose of this agenda item is to seek clarification on the appointment of the Shire's delegate for RoeROC meetings, particularly considering the upcoming rotation. This matter is being raised now to allow adequate time for discussion ahead of the March 2025 meeting of RoeROC.

### **WORKFORCE IMPLICATIONS:**

Nil

### **RECOMMENDATION:**

That Council confirm their delegates to the RoeROC committee as President Robins, Deputy President Smoker and Cr Bowey as proxy in accordance with the RoeROC terms of reference.

### **VOTING REQUIREMENTS:**

Simple majority.

## 9.5 Proposal for Combined Local Planning Strategy - RoeROC Member Local Governments (Corrigin, Kondinin, Kulin, Narembeen)

---

**Responsible Officer:** Chief Executive Officer  
**File Reference:** 13.07; 18  
**Author:** Chief Executive Officer  
**Strategic Reference:**  
**Disclosure of Interest:** Nil

### SUMMARY:

The report recommends Council endorse the concept of a joint Local Planning Strategy which would capture all RoeROC Member Local Government areas.

- Shire of Corrigin
- Shire of Kondinin
- Shire of Kulin
- Shire of Narembeen

### BACKGROUND & COMMENT:

The Chief Executive Officer's of RoeROC Member Councils recently received a presentation from the Department of Planning Lands and Heritage (DPLH) with regards to the DPLH willingness and capacity to coordinate and undertake the tasks of preparing a combined Local Planning Strategy across the four RoeROC Member Local Governments.

Currently none of the member RoeROC Local Governments have a Local Planning Strategy.

**A "local planning strategy" is a document that outlines a local government's long-term vision for land use and development within their area, setting the overall direction for future planning decisions by identifying key objectives, strategies, and actions to address social, environmental, and economic factors impacting the community, and providing the rationale for zoning and land classifications within a more detailed "Local Planning Scheme."**

Key points about a local planning strategy:

- **High-level framework:**  
It provides a broad framework for future development, not specifying changes to individual properties.
- **Community engagement:**  
This strategy is usually developed through consultation with the community and stakeholders to understand local needs and priorities.
- **Integration of factors:**  
It considers various aspects like housing, employment, transport, environment, and public open spaces.
- **Basis for local planning scheme:**  
The local planning strategy serves as the foundation for creating a detailed "Local Planning Scheme" which outlines specific zoning and development controls.

Of recent times smaller local governments have collaborated with a view to addressing key land use and development issues on a consistent basis across the combined area. It is not uncommon for developers to become frustrated because of inconsistent land use and planning frameworks within individual Local Planning Schemes of individual local governments.

A benefit of a combined Local Planning Strategy is having consistent planning principles and objectives. A strategy document will aim to facilitate appropriate and controlled development in key areas, for example infrastructure and housing.

The Shire of Kulin has recently commenced a review of its Local Planning Scheme No 2. In simple terms a Local Planning Strategy sits over the top of a Local Planning Scheme and in effect informs the scheme which is the tool that controls development in line with the embedded scheme framework and constraints within.

Should the Shire of Kulin agree to participate in preparation of a combined Local Planning Strategy with fellow RoeROC member local governments, the Local Planning Scheme Review will be set aside, pending the completion of the Local Planning Strategy.

To advance this initiative, the following steps are proposed:

- Establish a broad agreement among RoeROC member local governments to participate in a combined Local Planning Strategy;
- Establish a broad agreement among RoeROC member local governments to undertake Reports of Review of individual Local Planning Schemes with a shared vision and strategic outcome.
- Progress the Reports of Review with input from individual local governments to ensure localised issues and concerns are captured and addressed.
- Engage the Department of Planning, Lands and Heritage to facilitate and coordinate the review process across the four member RoeROC Local Governments.
- Initiate the development of a joint Local Planning Strategy process once the individual Reports of Review are completed and finalised.

The development of a joint Local Planning Strategy presents a number of potential benefits, including but not necessarily limited to;

- Consistent framework across planning policies, aligning land use planning, economic development and environmental management.
- Reducing costs which would otherwise be incurred through preparation of individual Local Planning Strategies.
- Stronger advocacy through a unified planning vision, which can underpin key infrastructure development projects such as key worker housing and housing in general.

#### **STATUTORY AND PLANNING IMPLICATIONS:**

Regulation 66 of the Planning and Development (Local Planning Schemes) Regulations 2015.

#### **FINANCIAL IMPLICATIONS:**

DPLH will cover the cost of preparing the Reports of Review and subsequently the preparation of a joint Local Planning Strategy. Individually participating local governments will be responsible for costs such as agenda item preparation, mapping costs and advertising. Such costs can be met within existing allocations in operational Shire budgets.

In the author's experience preparation of individual Strategies using industry consultants / contractors is a very expensive exercise which will run into 10's of thousands of dollars. The willingness of DPLH and their current capacity to collaborate with the four local governments is a fantastic opportunity from financial sense, but as important, also with a view to achieving great outcomes as a result of the proposed process.

#### **CONSULTATION:**

RoeROC Local Government Chief Executive Officers  
Darren Mollenoyux ROEROC Executive Officer

#### **WORKFORCE IMPLICATIONS:**

**OFFICER'S RECOMMENDATION:**

That Council:

1. Endorses the concept of a joint Local Planning Strategy in collaboration with the ROEROC member Shires and the Department of Planning, Lands and Heritage.
2. Supports the coordinated preparation of Reports of Review as outlined in this report.
3. Authorises the Chief Executive Officer to liaise with ROEROC member Shires and DPLH to facilitate the process.
4. Requests further updates on the progress of the Reports of Review and the development of a joint Local Planning Strategy.

**VOTING REQUIREMENTS:**

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the period ended 31 December 2024**

**Note 1 - Basis of Preparation & Significant Accounting Policies**

**BASIS OF PREPARATION**

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

***Local Government Act 1995 requirements***

*Section 6.4(2) of the Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

*Local Government (Financial Management) Regulations 1996*, regulation 34 prescribes contents of the financial report. Notes 4-11 do not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

**Judgements and estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

**SIGNIFICANT ACCOUNTING POLICES**

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

**KEY INFORMATION**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

<b>Total payables general outstanding</b>					<b>336,235</b>

**KEY INFORMATION**

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the period that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

**KEY INFORMATION**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

All land (other than exempt land) in the Shire of Kulin is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Kulin.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

**For the period ended 31 January 2025**

**Note 1 - Basis of Preparation & Significant Accounting Policies**

**BASIS OF PREPARATION**

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

***Local Government Act 1995 requirements***

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

*Local Government (Financial Management) Regulations 1996*, regulation 34 prescribes contents of the financial report. Notes 4-11 do not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

**Judgements and estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

**SIGNIFICANT ACCOUNTING POLICES**

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

**KEY INFORMATION**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

Amounts shown above include GST (where applicable)					

**KEY INFORMATION**

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the period that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

**KEY INFORMATION**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

All land (other than exempt land) in the Shire of Kulin is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Kulin.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

Mr Alan Leeson  
Chief Executive Officer  
Shire of Kulin  
PO Box 125  
KULIN WA 6365

Dear Mr Leeson,

**Cost Estimate Letter: 2025 Local Government Ordinary Election**

As you are aware, the next local government ordinary election will be held on 18 October 2025. This letter is your Cost Estimate for the Western Australian Electoral Commission to conduct your election, should you proceed with making a declaration under the *Local Government Act 1995* for us to do so.

Cost Estimate

The Commission has estimated the cost to conduct your Council's election in 2025 as a postal election at approximately \$12,073 (ex GST).

This cost has been based on the following assumptions:

- The method of election will be postal;
- 3 Councillor(s) vacancies;
- 600 electors;
- response rate of approximately 45%
- appointment of a local Returning Officer; and
- count to be conducted at your office using CountWA.

If any of these assumptions are not correct, please contact us and we can provide a new cost estimate.

Cost Methodology

To provide your estimate, the Commission has estimated the costs of all aspects of the election, from supply of materials to staffing costs. For the 2025 Local Government elections, we have applied the following apportionment across the State:

For individual local Governments the exact apportionment of costs may differ slightly from the above, as the cost categories are determined by applying the following variables:

- Envelopes, Printing and Postage, and WAEC Costs are determined by the number of electors in your Local Government;
- Processing and Results is determined by the expected response rate for your election; and
- Returning Officer Costs are determined by the complexity of the election for the Returning Officer; we classify Local Governments into bands depending on a number of factors including number of Wards, number of vacancies and the number of candidates, and then we pay our Returning Officers a rate which reflects this band.

#### Estimated Cost of 2025 Local Government Elections

The Commission estimates that the total cost of conducting the Local Government Elections across Western Australia in 2025 will increase by \$1.3 million, compared to 2023. The key drivers for this cost increase are as follows:

- a 45% cost increase from Australia Post, comprising of a 25% increase which came into effect in March 2024, and an additional 20% proposed increase currently being considered by the Australian Competition and Consumer Commission, which if approved will take effect in July 2025; and
- a 9% increase in the salaries paid to Returning Officers as required by the Public Sector CSA Agreement 2024.

#### Variations to the final costs for your Council

In accordance with the *Local Government (Elections) Regulations 1997*, the Commission conducts elections on the basis of full accrual cost recovery. This means that should the actual costs incurred to conduct the election be less or greater than what we have estimated, the final cost may differ from the cost estimate you have been provided.

Whilst we aim to keep additional costs at a minimum wherever possible, the following are examples of where cost increases may arise:

- If a Returning Officer is selected that is not local to your area;
- If you elect for Australia Post Priority Service for the lodgement of your election package;
- If casual staff are required for the issuing of Replacement Election Packages;
- If casual staff are required to assist the Returning Officer on election day or night; or
- Unanticipated cost increases from our suppliers.

We will endeavour to keep you informed of any unanticipated cost increases as they are incurred during the election.

#### Service Commitment

The Commission is committed to conducting elections impartially, effectively, efficiently and professionally. Following each election event, we review our performance and identify ways to improve our service delivery.

The Commission acknowledges that during the 2023 Local Government Ordinary Elections, the results for many Local Governments were delayed. Since this time we have improved our Count Processes, and as demonstrated through extraordinary elections conducted in 2024, we are now able to finalise our results more quickly whilst still retaining accuracy and integrity.

If you have any suggestions for improvements we can make to deliver your election, your feedback is welcome at all times.

#### Next Steps

Should you wish to accept this cost estimate and proceed with the Electoral Commission undertaking this election, there are specific steps that must be taken under the *Local Government Act 1995*. These steps are summarised in the attached flow chart (Attachment A).

As outlined in the flow chart, if you accept this Cost Estimate then please advise of us this in writing, so that we can issue a Written Agreement letter. Both the Cost Estimate letter, and the Written Agreement letter then need to be taken to Council for a decision.

If you have any queries, please contact [lgelections@waec.wa.gov.au](mailto:lgelections@waec.wa.gov.au) .

Yours sincerely,

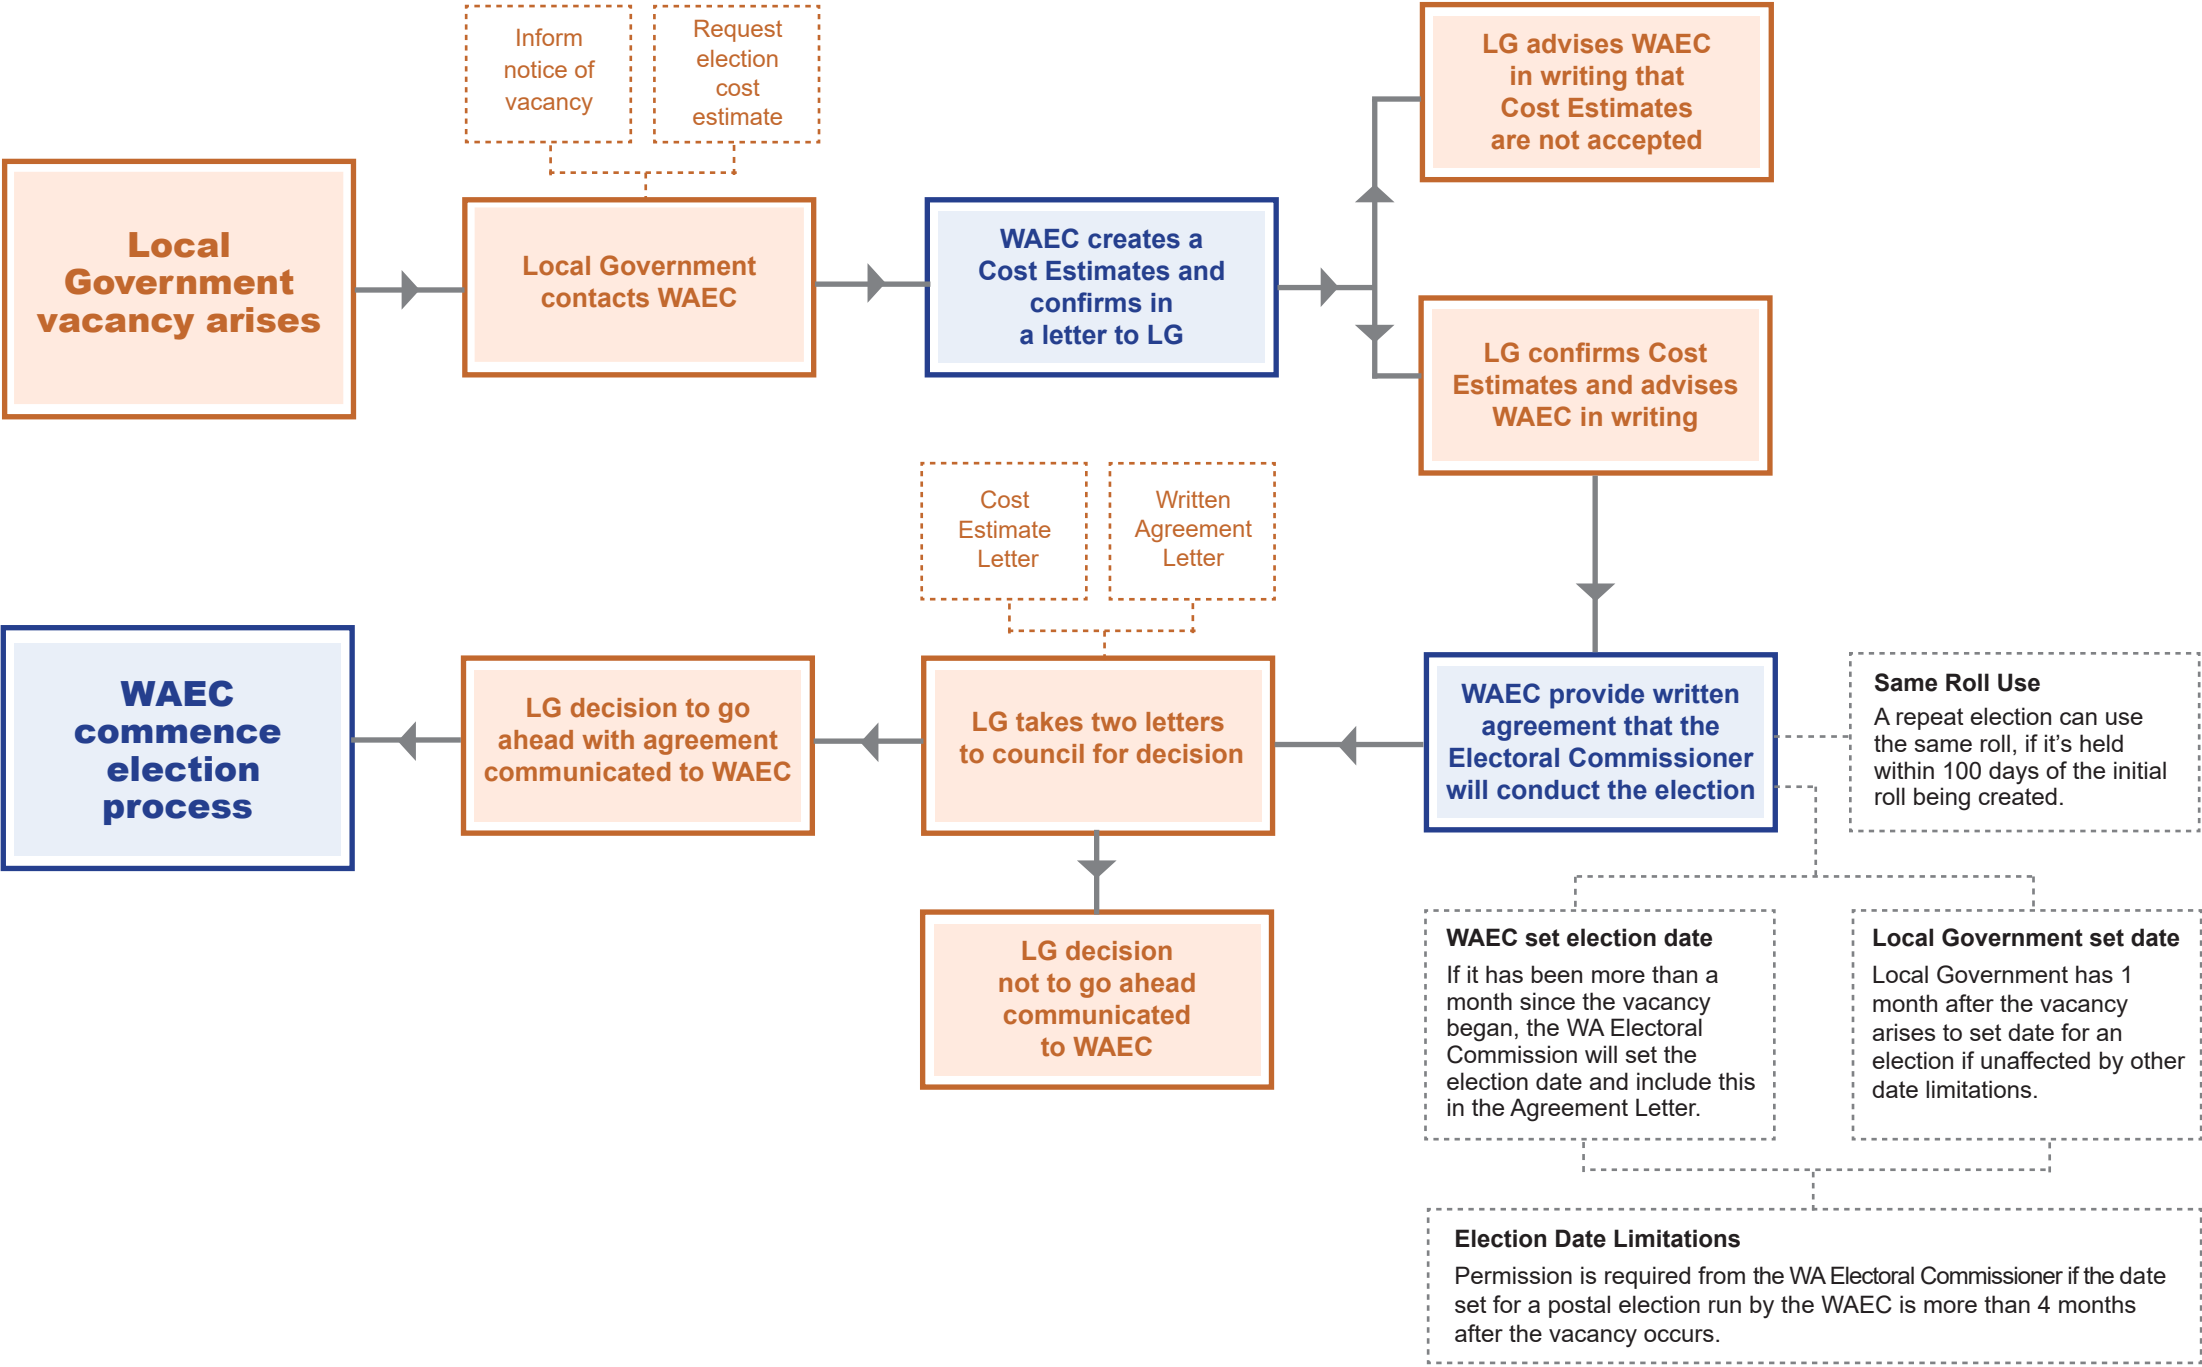

Robert Kennedy
