## 9.4 Creation of Land Development Reserve and Amendment to Budgeted Reserve Transfers

<b>Responsible Officer:</b>	Chief Executive Officer, Alan Leeson

<b>Author:</b>	Fiona Murphy, Executive Manager Financial Services
<b>Strategic Reference:</b>	12 – Accurate forward planning to achieve community priorities
<b>Disclosure of Interest:</b>	Nil
<b>Attachment:</b>	Nil

### SUMMARY

To seek Council approval for the creation of a new Land Development Reserve to fund future land development projects in the Shire, and to approve amendments to the 2025/26 reserve transfers to reflect the Shire's current financial position and strategic priorities.

### BACKGROUND & COMMENT

During the 2025/26 financial year, six lots of residential land were sold, generating unbudgeted proceeds of approximately \$220,000. Given the importance of future residential land development within the Shire, it is proposed that these proceeds be transferred to a new Land Development Reserve. The purpose of the reserve would be to provide a dedicated funding source for future land development projects.

Transfers to and from reserve accounts are adopted by Council in the annual budget and budget review. After consideration of both the financial position of the Shire as at 31 May 2026, and projects that have or have not progressed as budgeted throughout the 2025/26 financial year, amendments to the budgeted reserve transfers are proposed.

The details of the budgeted and proposed transfers for the 2025/26 year are provided in the table below:

Information and CV summary regarding proposed Deputy Presiding Member (provided under separate cover)

### Attachments:

### SUMMARY

The purpose of this report is to seek Council endorsement of the extension of the appointment of the Independent Presiding Member of the Shire of Kulin's Audit Risk and Improvement Committee (ARIC) and to appoint an Independent Deputy Presiding Member of the ARIC.

### BACKGROUND

The Shire of Kulin's ARIC was established in accordance with the *Local Government Act 1995* ("the Act") and the *Local Government (Audit) Regulations 1996*.

### Presiding Member of the ARIC

In accordance with the requirements of section 5.12 of the Act, Council appointed an independent Presiding Member of the ARIC in June 2025, Mr Darren Mollenoyux, who has been undertaking the role since that time. This report recommends the extension of that appointment in accordance with the terms of the Officer's Recommendation. It is noted that the Council has previously reviewed and considered the qualifications, experience and curriculum vitae of Mr Mollenoyux.

### Deputy Presiding Member of the ARIC

Council is also required to appoint a Deputy Presiding Member of the ARIC, with such appointment required to be made by 30 June 2026. At its meeting on 15 April 2026, the ARIC recommended that Council take appropriate action in regard to an appointment.

A suitably qualified candidate, Yvonne Bowey, has been identified. Yvonne brings significant experience in local government governance, financial oversight, audit and risk management. Accordingly, it is recommended that Council appoint Yvonne as Deputy Presiding Member of the ARIC.

Information regarding Yvonne's qualifications, experience and professional background has been provided under separate cover for Council's consideration.

### COMMENT

While it is open to Council to initiate a formal Expression of Interest (EOI) process, the proposed candidate, Yvonne Bowey, possesses the qualifications, experience and expertise required for the role. Given the Shire's limited resource environment and the benefit of timely progression, it is proposed that Council proceeds with direct appointment of Yvonne Bowey as the proposed Deputy Presiding Member of the ARIC.

### FINANCIAL IMPLICATIONS

Both the independent Presiding Member and Deputy Presiding Member are paid positions. The meeting attendance fee will be determined by Council through the annual budget, in accordance with Council policy and set within the range prescribed by the *Salaries and Allowances Tribunal* (SAT) determinations and guidelines for independent ARIC members, plus reimbursement of reasonable expenses as a direct result of attending ARIC meetings (such as travelling and childcare costs).

The sitting fee would be expected to be approximately \$250.00 per meeting attended for the 2026/2027 budget, plus any applicable expenses.

## **STATUTORY IMPLICATIONS**

*Local Government Act 1995*

*Local Government (Audit) Regulations 1996*

*Terms of Reference of the Shire of Kulin ARIC [adopted by Council on 20 May 2026]*

## **POLICY IMPLICATIONS**

As noted above, the independent positions are paid positions and the occupants will be entitled to sitting fees and reimbursement of reasonable expenses in line with Council policy.

## **COMMUNITY CONSULTATION**

There is no requirement for community consultation. Terms of Reference for the ARIC were adopted by Council at its Ordinary meeting on 20 May 2026. There has been appropriate internal consultation amongst the Executive Management Team and review of sector practice regarding appointment of an independent Deputy Presiding Member and extension of the appointment of the existing independent Presiding Member.

## **WORKFORCE IMPLICATIONS**

There are no known workforce implications in consideration of this matter.

## **OFFICER'S RECOMMENDATION**

That Council:

1. Extends the appointment of Mr Darren Mollenoyux as the Independent Presiding Member of the Shire of Kulin Audit Risk and Improvement Committee, to continue effective from 17 June 2026 until the earlier of the next ordinary elections day of the Shire (in 2027) or as otherwise provided by clause 6.4 of the Terms of Reference for the ARIC;

<b>Attachment:</b>	Attachment 4 – 2026/2027 Schedule of Fees & Charges

### SUMMARY:

A schedule of proposed Fees and Charges for the 2026/2027 financial year is presented for Council consideration and adoption. The schedule incorporates adjustments based on cost recovery principles, inflationary impacts, and benchmarking where appropriate.

### BACKGROUND & COMMENT

In accordance with Section 6.16 of the *Local Government Act 1995*, a local government may impose and recover a fee or charge for any goods or services it provides. Fees and charges may be imposed or amended by absolute majority decision of Council and are subject to public notice requirements.

Officers have undertaken a review of all fees and charges for the 2026/2027 financial year. In determining the proposed fees and charges, consideration has been given to:

- the cost to the Shire of providing the service or goods;
- CPI and inflationary impacts affecting service delivery.
- the price at which the service or goods could be provided by an alternative provider; and

Where appropriate, fees have been adjusted to maintain cost recovery. In some instances, fees have been maintained at current levels where CPI-based increases would be negligible and not practical to implement. It is noted that certain fees included in the schedule are prescribed by legislation and are not determined by Council. These have been identified within the schedule where applicable.

Subject to Council adoption, the 2026/2027 Schedule of Fees and Charges will apply from 1 July 2026.

### FINANCIAL IMPLICATIONS

Fees and charges revenue forms an important component of the Shire's operating revenue. The proposed adjustments are expected to support cost recovery and will be incorporated into the 2026/2027 Annual Budget.

### STATUTORY AND PLANNING IMPLICATIONS

### SUMMARY

The Western Australian Government introduced the *Privacy and Responsible Information Sharing Act 2024* ("PRIS Act") in 2024. Whilst the Act has already commenced, there are significant privacy and information sharing obligations under the PRIS Act that will commence on 1 July 2026 and with which the Shire of Kulin must be compliant.

A draft Privacy and Responsible Information Sharing Policy in response to the requirements of the PRIS Act is attached to this report for Council's consideration, and if approved, for formal adoption. The Shire of Kulin does not currently have a stand-alone privacy policy.

### BACKGROUND & COMMENT

The purpose of the PRIS Act is to reform how public sector entities, which includes local governments, manage their privacy obligations.

The PRIS Act introduces a formal privacy framework including specific obligations in the event of a notifiable data breach. Statutory officers have been created under the PRIS Act as noted in the policy, including an Information Commissioner and Chief Data Officer.

The policy is intended to establish a framework for managing "Personal Information", as defined in the PRIS Act in accordance with legislative requirements.

The attached policy details the Shire of Kulin's commitment to privacy compliance in managing Personal Information and responsible sharing of Personal Information.

These obligations include requirements relating to the handling, storage, security, and disclosure of Personal Information, as well as compliance with the Information Privacy Principles (IPPs).

The PRIS Act outlines obligations relating to:

- lawful collection and use of personal information;
- data minimisation and information quality;
- storage and security requirements;
- rights of individuals to access and correct their personal information;
- mandatory reporting of eligible information breaches; and
- responsible information sharing between government entities.

Local governments are required to align their internal policies, procedures and systems with the new legislative requirements. Further, there is a mandatory Notifiable Information Breach Scheme, which requires entities to notify both the Information Commissioner and affected individuals of eligible data breaches and will commence on 1 January 2027.

The Shire of Kulin must have a privacy officer and a responsible information officer. The PRIS Act requires the Chief Executive Officer (as the 'principal officer' defined under the PRIS Act) to designate either the Chief Executive Officer or another senior officer to fulfil these roles. It is intended that the Chief Executive Officer will fill both roles and Council is also asked to note and endorse those designations.

## **FINANCIAL IMPLICATIONS**

There are no direct financial implications arising from adoption of this Policy. General operational costs associated with the Shire's systems and practices and educating staff on privacy awareness are already included in the relevant Council budget.

## **STATUTORY AND PLANNING IMPLICATIONS**

*Privacy and Responsible Information Sharing Act 2024*

*Local Government Act 1995*

*State Records Act 2000*

*Freedom of Information Act 1992*

## **POLICY IMPLICATIONS**

The Privacy and Responsible Information Sharing Policy will become a new Council Policy once adopted. As needed, supporting administrative procedures may be developed.

## **COMMUNITY CONSULTATION**

## **OFFICER'S RECOMMENDATION**

2. Notes and acknowledges that the Chief Executive Officer will be designated as the privacy officer and the information sharing officer for the Shire of Kulin for the purposes of the PRIS Act and further, to the extent any formal appointment or delegation from Council may be required, delegates and authorises those functions to the Chief Executive Officer.

### SUMMARY

At the Shire of Kulin Ordinary Council meeting of 15 April 2026, in accordance with the provisions of the *Bush Fires Act 1954*, Council determined the dates of prohibited and restricted burning for the 2026/2027 fire season and formally appointed fire control officers (including dual bush fire control officers).

Section 40 of the *Bush Fires Act 1954* allows two or more local governments to appoint dual bush fire control officers by agreement.

The purpose of this report is to recommend the appointment of additional dual fire control officers for the Shire of Kulin, who have already been appointed as fire control officers in the Shire of Wickepin.

### BACKGROUND & COMMENT

Section 38 (1) of the *Bush Fires Act 1954* provides that a local government may from time to time appoint such persons as it thinks necessary to be its bush fire control officers under and for the purposes of the Act. As noted above, section 40 of the *Bush Fires Act 1954* allows two or more local governments to appoint dual bush fire control officers by agreement.

The Shire of Wickepin has written to the Shire of Kulin (letter dated 25 May 2026) advising that the Shire of Wickepin has appointed the individuals named below as Dual Fire Control Officers (for the Shire of Kulin) for the 2026/2027 bush fire season:

- Wes Astbury
- David Stacey
- Todd Mullan

It is noted that the Shire of Kulin Council formally appointed Mr Clinton Mullan and Mr David Lewis as Dual Fire Control officers for Shire of Wickepin and the Shire of Kulin. As with any dual appointment, for it to be effective, the corresponding Shire must also formally appoint the individuals to be dual fire control officers in that Shire.

The Chief Executive Officer of the Shire of Kulin has written to the Shire of Wickepin in regard to the appointments of Mr Clinton Mullan and Mr David Lewis and requested that the Shire of Wickepin Council consider those appointments. Correspondence has also been sent to the relevant Shires in relation to the various other proposed dual appointments as resolved at the Ordinary Council Meeting of 15 April 2026.

As required by the *Bush Fires Act 1954*, the Shire of Kulin Council must formally endorse and appoint the individuals nominated by the Shire of Wickepin in order for them to be validly and formally appointed as bush fire control officers for the Shire of Kulin.

The officer's recommendation in this report is that Council appoint Mr Wes Astbury, Mr David Stacey and Mr Todd Mullan as dual fire control officers in the Shire of Kulin.

### SUMMARY

The purpose of this report is to formally recognise the expiration of the existing Licence to Use Land Agreement between Lucca Pty Ltd and the Shire of Kulin relating to land owned by Lucca Pty Ltd on which the annual Kulin Bush Races and other community events are held.

The report also acknowledges the generosity and preparedness of Lucca Pty Ltd and the Lucchesi family to have worked directly with the Shire to facilitate significant events of value to the Kulin community and looks forward to the ongoing future success of those events.

### BACKGROUND & COMMENT

In April 2014, the Shire of Kulin entered into a “Licence to Use Land” Agreement with Lucca Pty Ltd relating to land owned by Lucca Pty Ltd, comprised in lots 7759, 10085 and 10086 (“the land”).

The original agreement was considered to provide the most appropriate mechanism to enable the conduct of the annual Kulin Bush Races event and other approved community and festival-based events on the land, including the Blazing Swan event.

It is acknowledged that contemporary event management practices indicate that operational control, governance, insurance and risk allocation responsibilities associated with independently operated events should appropriately be entered into directly with the land owner and the organiser of such events.

The Shire wishes to formally recognise and sincerely thank the Lucchesi Family and Lucca Pty Ltd for working directly with the Shire and for their continuing support, cooperation and generosity in allowing the Kulin Bush Races and associated community events to be conducted on the land (noting this has been ongoing for over approximately three decades).

The contribution of the Lucchesi Family continues to be critical to the success and ongoing reputation of the Kulin Bush Races as one of regional Western Australia’s premier community events.

## 9.10 Major Land Transaction Provisions – Regional Workforce Housing Projects

<b>Attachment:</b>	Nil

### SUMMARY

The purpose of this report is to seek Council's support for a formal representation to the Hon. Hannah Beazley MLA, Minister for Local Government, and the Hon. John Carey MLA, Minister for Housing, regarding the application of Major Land Transaction provisions to regional workforce housing projects delivered by local governments for a public purpose.

The report proposes that Council request consideration of amendments to the *Local Government (Functions and General) Regulations 1996* to better recognise workforce housing projects undertaken by local governments to address housing shortages and support essential services in regional Western Australia.

### BACKGROUND

Housing availability remains one of the most significant challenges facing regional Western Australia and continues to impact the attraction and retention of key workers, government personnel and essential services within rural communities.

In response, many local governments are increasingly required to facilitate, fund and deliver housing projects due to ongoing market failure and limited private sector investment in smaller communities.

The Shire of Kulin, along with other regional local governments, has identified housing shortages as a critical barrier to attracting and retaining:

- Teachers;
- Police officers;
- Health professionals;
- Local government employees;
- Emergency service personnel; and
- Other essential workers.

Increasingly, local governments are stepping into a role traditionally fulfilled by the private market or government agencies in order to ensure the continued delivery of essential services within regional communities.

### COMMENT

The current Major Land Transaction provisions contained within section 3.59 of the *Local Government Act 1995* and Regulation 8A of the *Local Government (Functions and General) Regulations 1996* require local governments to prepare a business plan and undertake a minimum six-week public advertising process where the value of a land transaction exceeds the prescribed threshold.

The current threshold is the lesser of:

- \$2,000,000; or
- 10% of the local government's operating expenditure for the preceding financial year.

For many rural and regional local governments, the applicable threshold is therefore significantly less than \$2,000,000.

For example, a local government with annual operating expenditure of approximately \$9.5 million would be captured at a threshold of approximately \$950,000. In today's construction market, this may equate to as few as two or three workforce dwellings.

A practical challenge for regional local governments is that workforce housing projects are often captured by the Major Land Transaction provisions because long-term lease arrangements are considered a form of land transaction or disposal under the legislation, notwithstanding the local government retains ownership of both the land and housing assets.

In many instances, the local government is not selling land, relinquishing ownership or undertaking a commercial venture. Rather, it retains ownership of both the land and housing assets and enters into lease arrangements to support workforce accommodation outcomes.

Furthermore, these projects are generally:

- Undertaken for a public purpose;
- Not intended to generate commercial profit;
- Designed to address housing market failure;
- Intended to support the retention of essential government and community services; and
- Funded and delivered at the financial risk of the local government.

Whilst the policy intent of the Major Land Transaction provisions is understood and supported, there is concern that the current framework may unintentionally capture relatively modest workforce housing projects that are being delivered for a clear public benefit.

Council notes that regional local governments are increasingly being encouraged by both State and Federal Governments to facilitate housing delivery and be "shovel ready" in addressing housing shortages.

This matter was raised for discussion at the WALGA Central Country Zone Meeting held in Dumbleyung on 12 June 2026. The discussion highlighted that a number of rural and regional local governments are increasingly undertaking workforce housing projects to address housing shortages and support essential services, and that the current Major Land Transaction provisions may unintentionally capture relatively modest housing projects delivered for a public purpose.

As such, there may be merit in reviewing the current exemption provisions contained within Regulation 8 of the *Local Government (Functions and General) Regulations 1996*, or other aspects of the Major Land Transaction framework, to determine whether workforce housing projects delivered by local governments for a public purpose warrant separate consideration.

## **STRATEGIC IMPLICATIONS**

The proposal aligns with Council's strategic objectives of increasing housing availability, supporting population growth and advocating for improved outcomes for rural and regional communities.

## **OFFICER'S RECOMMENDATION**

That Council:

1. Requests the Hon. Hannah Beazley MLA, Minister for Local Government, to consider amendments to the *Local Government (Functions and General) Regulations 1996* and associated Major Land Transaction

provisions to better recognise workforce housing projects undertaken by local governments for a public purpose within rural and regional Western Australia.

2. Requests the Hon. Hannah Beazley MLA, Minister for Local Government, to specifically consider amendments to Regulation 8 of the *Local Government (Functions and General) Regulations 1996* to provide an exemption, or alternative streamlined process, for local government-led workforce housing projects where:
  - the primary purpose is workforce attraction and retention;
  - the project supports the delivery of essential services;
  - the local government retains ownership of the land and housing assets; and
  - the project is not being undertaken primarily for commercial profit.
3. Requests the Hon. John Carey MLA, Minister for Housing, support consideration of the above amendments in recognition of the increasing role local governments are undertaking in the delivery of workforce and key worker housing across regional Western Australia.
4. Notes the matter was raised for discussion at the WALGA Central Country Zone Meeting on 12 June 2026 and acknowledges the importance of a coordinated regional advocacy position on workforce housing and associated regulatory barriers.
5. Requests the Chief Executive Officer provide copies of Council's resolution to WALGA, ROEROC member councils and neighbouring regional local governments for information and consideration.

<b>Attachment:</b>	Attachment 8 - Shire of Kulin Policy Manual and Administrative Procedures and Operational Guidelines

### SUMMARY

Section 2.7(2)(b) of the *Local Government Act 1995* outlines that one of the roles of Council is to determine the local government's policies.

The Shire of Kulin Policy Manual and Administrative Procedures and Operational Guidelines ("APOG") were last reviewed, in their entirety, at the May 2025 Council Meeting.

Attached for Council's review is the Shire of Kulin's Policy Manual and APOG with recommended updates and changes (shown in marked up form).

### BACKGROUND & COMMENT

The Shire of Kulin policies and procedures are split into two documents, the Policy Manual and the APOG:

1. The Policy Manual contains formal over-arching policy items;
2. The APOG contains formalised procedures and guidelines of a day-to-day and/or operational nature.

The objectives of the Council's Policy Manual and APOG are to provide Council with a formal written record of all policy decisions, provide staff with guidelines in which to act in accordance with Council's wishes and to enable staff to act promptly in accordance with Council's requirement, but without continual reference to Council.

The APOG Manual remains a significant operational and governance document for the Shire, providing procedural direction and operational guidance across Administration, Governance, Human Resources, Community Services and Works functions.

In addition to review of the policies, procedures and operational practices associated with the Kulin Childcare Centre and associated childcare services and inclusion of a new dedicated section of the APOG, the 2026 review of the APOG has primarily focused on:

- Legislative compliance updates;
- Alignment with current operational practice;
- Removal of outdated or duplicated provisions;
- Inclusion of new workplace health and safety related policies;
- Clarification of administrative procedures; and
- Minor grammatical, formatting and consistency improvements.

The new section of the APOG regarding childcare services is intended to:

- Consolidate childcare related operational procedures into a single structured area of the APOG;
- Improve governance oversight and operational consistency;
- Better align childcare operations with current legislative, licensing and compliance requirements;
- Provide clearer guidance for staff, management and Council; and
- Support the ongoing growth and operational complexity of childcare services delivered by the Shire.

It is anticipated the childcare section will continue to evolve over time as operational practices, compliance requirements and service delivery needs develop.

A summary of key proposed amendments to the APOG includes:

Section of APOG	Key change
A1 Acting CEO	Updated to align with section 5.39C requirements and WALGA model policy guidance
A3 Annual Electors General Meeting	Updated to reflect statutory requirements and removal of outdated references regarding Auditor attendance and meeting timing
A5 Budget Preparation	Updated to better reflect current Shire budget preparation processes
A10 Complaint Handling	Legislative reference corrections
A12 Finance & Budget Considerations	Removal of sections now addressed through separate policies
A13 Fees & Charges – Discounts & Waivers	Inclusion of waivers and updated wording
A13a Fuel Sale Price Setting	Inclusion of market considerations allowing flexibility in fuel pricing methodology
A14 Housing	Removal of prescriptive housing allocations and transfer of housing allowance matters to remuneration policy
A18 Mobile Phones	Updated device security and stolen device provisions
A19 Motor Vehicles	Removal of fixed allowance values in favour of WALGA referenced documentation
A20 Occupation Safety & Health	Removal of outdated legislative references; introduction of three new workplace safety related policies: A20a Working Alone or Remote; A20b Fatigue Management; and A20c Psychosocial Safety
A20a Working Alone or Remote	New policy
A20b Fatigue Management	New policy
A20c Psychosocial Safety	New policy
A22 Recovery of Rates & Other debts	Inclusion of childcare fee recovery provisions
A24 Risk Management	Superseded by standalone Risk Management Policy adopted December 2025
A25 Smoke Free Workplace	Inclusion of vaping provisions
A32 Discounts	Rates – removal of mandatory early payment discount requirement
Governance and Human Resources	Policy amendments to reflect updated training requirements, Employee Assistance Program provisions and Working with Children Check requirements
A33 Childcare Centre – Payment of fees policy	The childcare fee policy is intended to provide a clear and consistent framework for how childcare fees are charged, paid, reduced, recovered and communicated to families.

## FINANCIAL IMPLICATIONS

The review of the APOG and Policy Manual does not of itself have any direct financial implications. However, the review process has identified a number of areas where existing practices, procedures and policies require clarification, updating or formalisation.

Some proposed amendments, particularly those relating to childcare fees and charges, debt recovery processes and the administration of discounts and waivers, may result in fees being charged, recovered or administered differently to current practice. While these changes are not expected to have a material impact on the Shire's overall financial position, they may result in improved cost recovery, increased fee revenue or changes to the timing of revenue collection. These adjustments will be provided for in the budget.

### SUMMARY

Council is requested to consider and adopt the reviewed Shire of Kulin Register of Delegations.

The *Local Government Act 1995* requires a local government to review its delegations at least once every financial year. The Register of Delegations has therefore been reviewed to ensure the delegations remain current, appropriate and consistent with the operational requirements of the Shire.

The reviewed Register of Delegations is presented for Council’s consideration and adoption.

### BACKGROUND & COMMENT

The *Local Government Act 1995* allows Council to delegate certain powers and duties to the Chief Executive Officer. Delegations are an important governance tool as they allow routine administrative and operational decisions to be made efficiently, while ensuring Council retains responsibility for strategic, policy and significant statutory decisions.

Section 5.42 of the *Local Government Act 1995* provides that a local government may delegate to the Chief Executive Officer the exercise of any of its powers or the discharge of any of its duties under the Act, other than those matters that cannot be delegated under section 5.43. Delegations to the Chief Executive Officer must be made by absolute majority.

Section 5.46 of the Act requires the Chief Executive Officer to keep a register of delegations and for delegations to be reviewed at least once every financial year. The Shire’s Register of Delegations was last reviewed and adopted by Council at its Ordinary Meeting held on 21 May 2025. A further review has now been undertaken as part of the 2026 annual review process.

The review considered whether each delegation remains necessary and appropriate, whether the delegation reflects current operational practice, and whether statutory and policy references remain current. Consideration was also given to whether the conditions and subdelegations are sufficiently clear and whether any delegations require amendment, consolidation or removal.

The review has identified a number of minor administrative amendments, including updated statutory references, correction of typographical errors, clarification of delegation conditions and updates to policy references.

It is recommended that Council adopt the reviewed Register of Delegations as presented.
