# CEO CORNER

---

Welcome back to another CEO Corner and isn't the season drying off fast. A few warm days this week just in time for the Kulin Ladies Bowls Classic, which had a great turnout. Similarly, the function organised by Kulin Bush Races on Saturday night out at the Race Track also had a great turnout and was a great initiative by the KBR Committee in such a difficult year.

You will notice about town the Shire staff have commenced a few projects relating to the recently received funding. The Oval reticulation upgrade is nearly finished, this has been completed in a very short space of time and as you will see with minimal disturbance and impact to the oval surface. This is greatly commended to Judd and the contractor for such an efficient job.

The refurbishment of the water slide splash down pool and slide flumes has also commenced this week. Jones and the contractor

are working away feverishly on this to hopefully have the slide up and running once the new Aquatic Centres season comments.

In the next few weeks, I'm going to pose some challenging questions to get some debate going in the community on topical issues. They are not going to be personal attacks, but more generating conversation, ideas and feedback.

Next week we have Council. We are hoping to endorse the Concept Plan for the All Ages Precinct, which Council, Shire

staff, KDHS students and teachers, as well as Cultivating Kulin Committee have been working closely on the past few months. This is an exciting project which will add extra local and tourist attractions to our community. We are also in the process of finalising our updated Asset Management Plan, which will be put to Council at the October Meeting.

Last week the Federal and State Governments handed down their belated budgets for 2020/21. Obviously COVID stimulus was the main objective of these. The WSNF project was surprisingly fortunate to receive another \$93M for Stage 2 to be delivered over the next 5 years. The Shire of Kulin is now fortunate enough to be managing this project on behalf of 42 local governments. We will be employing at least 2 extra staff to undertake this role including a Project Manager and Executive Officer, as well as myself providing oversight. Both jobs will be advertised this month.

The summer sports season is about to fire up. Tennis had their first pennants game last week, with bowls and cricket to kick off this weekend. Bring on the flies, sunscreen, the sound of leather on willow or bowl on kitty, washed down with a few light refreshments.

Until next time safe travels.

Garrick Yandle - CEO

# TESLA OWNERS CLUB OF WA (TOCWA)

---

On Saturday 10th October the Tesla Owners Club of WA visited Kulin. The aim of the trip was to allow new Tesla electric vehicle owners to explore regional Western Australia.

Eight vehicles attended arriving in time for lunch at the hotel. A number of locals came along after 2pm to check out the cars and a few took the opportunity to go for a test ride including a young lad from Kondinin.

Later in the afternoon Robin (from Corrigin) took us out to Jilakin Rock to enjoy the views as well as wildflowers.

The following morning after a few photos we headed back to Perth and stopped at Jitarning for a few photos of the old hostel.

Many thanks for the hospitality shown by the locals and the great facilities at the camping area and other accommodation our members enjoyed.

Rob Dean  
TOCWA President

All tables were taken by visitors and locals at the CWA's Saturday Tea-Scones-n-Chat.

It was wonderful to hear the happy babbling and laughter and to see young ones chatting with their families. No phones in sight!

The lemon butter was a tasty addition to a wide range of yummy scones.

Make a date to join us on the first Saturday in November.

The visitors walked around our new wildflower patch after enjoying morning tea and commented on the opportunity to have a real talk with local people.

From our morning teas we are able to contribute to our new floor and the Albany CWA cottage repairs.

On Tuesday 20 October we are off to Hyden CWA to celebrate their 75th Anniversary so I shall start my diet on the 21st!

## VEHICLE IDENTIFICATION STICKERS

Volunteer Fire Fighters / Bush Fire Brigade Members please be advised that the grey Vehicle Identifier Stickers will expire on 30 September 2020; and need to be replaced with the new blue stickers (valid from 1 October 2020 – 20 September 2022). These stickers are available from the Shire Office. If you would like one posted out please email Nicole [eso@kulin.wa.gov.au](mailto:eso@kulin.wa.gov.au) and provide your vehicle registration plate number and the make & model of your vehicle.

Please see below key information from DFES regarding these stickers:-

- DFES encourages the use of Vehicle Identifier stickers to identify private vehicles owned by persons pre-authorised by Local Governments to enter the fire ground and assist with emergency response operations;
- As emergency response is often supplemented by local farmers/land owners with
- private vehicles who may not be members of local fire brigades they assist to provide timely identification of private vehicles and persons suitable for access on the incident ground;
- Vehicle Identifier stickers are affixed to the lower left corner of the windscreen of a vehicle to identify it as a private
- vehicle owned by a person who is authorised by Local Government to assist with operations;

# NOTICES FROM THE SHIRE OF KULIN

## CONDITIONS

DFES has set minimum conditions which the person being issued a vehicle identifier sticker must agree to:

- It is the responsibility of the owner and driver of the vehicle to comply with the Road Traffic Act 1974;
- Appropriate Personal Protective Equipment and Clothing will be worn at all times; and
- The driver will ensure that the vehicle's presence at an incident is recorded on both arrival and departure. The vehicle identifier sticker does not infer that a vehicle is a fire fighting vehicle, but that it may be assisting or supporting an incident, or to enable passage of brigade members through a Vehicle Control Point for the purpose of deployment to the incident (e.g. to travel to a local brigade station or to crew an appliance deployed to the incident).

For further information please contact Nicole at the Shire [eso@kulin.wa.gov.au](mailto:eso@kulin.wa.gov.au)

## **GREEN-FRINGED MANTIS ORCHIDS AND MIGNONETTES WITH SCENTED AND GRANITE BLUE SUNS**

The Green Fringed Mantis & some Mignonettes are in the sheoak woodlands. Drop by the Kulin Wildflower Place or call Robin Campbell 0499 624 038 for directions, a walk or names for your photos.

# POSITION DESCRIPTION

## Project Manager

**POSITION TITLE:** Project Manager

**CLASSIFICATION:** Fixed Term Contract  
Indicative timeframe 4.5 years (October 2020 – June 2025)

**AWARD:** Local Government Industry Award 2010

### WHEATBELT SECONDARY FREIGHT NETWORK PROJECT OVERVIEW

The Wheatbelt Secondary Freight Network (WSFN) in the Main Roads WA Wheatbelt region comprises some 4,400km of Local Government managed roads that connect with State and National highways to provide access for heavy vehicles into the region. These roads are intended to enable large, high productivity trucks safe and cost effective access to business. The WSFN project is developing a submission, with the supporting evidence and documentation required, to seek the addition of a program of road improvements across the network be added to the Infrastructure Australia Priority List.

The efficiency of supply chains serving industries in the Wheatbelt region is determined by the performance of the weakest link. Failure to maintain and improve productivity of the secondary freight network will reduce the international competitiveness of the Wheatbelt agricultural sector, which underpins employment and economic activity in the region. Transport links need to be addressed if the production of this sector is to be supported.

The 4,400km of roads are spread across 42 Local Governments. These 42 Local Governments of the Wheatbelt region have worked collaboratively for over 4 years to identify and now secure funding to improve secondary freight network routes on Local Government Roads in the Wheatbelt. The 42 Local Government have worked collaboratively with a number of State department to develop this plan and secure the Federal funding and this level collaboration is unprecedented. In order to ensure ongoing success it is imperative that governance to deliver this program be established to administer the available funds and deliver the agreed outcomes in a transparent, reportable manner to the satisfaction of all parties; Local Governments, States Government and the Commonwealth.

\$70M of Federal funding (ROSI) has been allocated over the next 9 years and this has been matched with State funding of \$17.5M (reflecting the 80/20 funding agreement). The State funding will be sourced two thirds from the State and one third from the Local Governments whose assets are being upgraded.

The available \$87.5M will not be sufficient to upgrade all of the identified 80 routes and good governance of this program, and ongoing collaboration between all parties, will be critical in any future applications for additional funding.

The WSFN project have been successful in obtaining funding for a Project Manager to progress and assist in managing this project.

### POSITION SUMMARY

The Project Manager will form part of the Program Technical Team (PTT) and work with the member organisations of the WSFN. The Project Manager will be an integral key to successful project delivery. The complexity and scale of this project is significant and well beyond the technical and financial capabilities of the Wheatbelt Shires on an individual basis. Engaging an external Project Manager with the skills and expertise required to work with the PTT, relevant LG officers as well as technical consultants will ensure a cohesive and collaborative environment is established for optimum outputs.

The Project Manager will direct the work of the external technical consultants and will be the main contact for communication between the PTT and external consultants.

# Karlgarin Centenary 100

1920 - 2020

lotterywest

A wonderful weekend was held by all at the Karlgarin Centenary with past and present residents from near and far coming together for this milestone celebration. A special thank you to the Karlgarin Progress Centenary Committee in particular Leonie James, Vanessa Spurr and Jill Fotheringham who have worked tirelessly over the best part of 2 years to enhance the Karlgarin town site and deliver a fantastic weekend. A special shout out also to Laurel Trestail for preparing the history booklet, Jess Spurr for putting together

the display in the hall, Denise Ibbotson and Bianca James for assisting in the photograph display, Lina Varone for decorating the marquee, country club and entrance to the hall, to all the volunteers from the Karlgarin Country Club committee for putting together a great meal on the Saturday night, and all other Karlgarin residents who assisted in making the event a great success.

The weekend was jam packed with a wonderful display in the Karlgarin Hall with photographs through the decades and themed displays from balls, music, the agricultural show, the school, the church, old farming days, sport and a house of an early settler; it was also a first for the Daily Farmer to operate their new coffee van and Dynamic Donuts to operate their donut van both of whom were kept very busy with the crowd. A big thank you to wonderful pool manger/DJ Shaun Franich who did a great job on the music and PA during the day and the Karlgarin-Hyden football club who provided lunch and all those that made and served morning and afternoon tea – thank you!

The kids were kept entertained with a face painter, balloon twister and horse and cart ride around Karlgarin town site and up to see the machinery display. Presentations were held at Stafford Park at 1.30pm beginning with Don Collard's welcome to country and the planting of a salmon gum, an introductory address by Shire President Sue Meeking, an address by Karlgarin Progress President, Jill Fotheringham, an address by Frank James, the cutting of the centenary cake

by Ron Richter and Pearl Spurr and the commemorative plaque unveiled by the Stafford family, descendants of the first settler to live in the Karlgarin district.

The crowd then dispersed to drop into Xpressions! Café and gift shop and down to the oval to watch a game of 20 / 20 cricket and sample a few cans of the McCann's Granite Ale brewed with barley from the Karlgarin Community Crop. At 6.30pm a 40 minute documentary was screened at the Town Hall with terrific footage of past and present Karlgarin compiled by Mike Fletcher, who commented 'it has been a pleasure working with you guys. I have a real connection to Karlgarin now and I'm missing the place already. Hopefully I will get out there again one day whether it's for more work or just a holiday.'

The evening then kicked on at the Country Club with music by Emmett and great food and company with some dancing away until midnight.

The following day those still keen to catch up attended the church service at the beautiful Karlgarin Church followed by bus trips around the district and then a BBQ at McCann's Rock.

By all reports everyone had a great time and lots of positive comments were received, 'it was an outstanding weekend & we really loved it (even the flies were friendly!!)'

Thanks again to everyone that was involved in making this event happen. For a small town it was a huge effort that everyone should feel proud of. If you are traveling through Karlgarin, or perhaps dropping into Tressies Caravan Park, the Country Club, Xpressions! Café or playing bowls make sure that you take a look at the new entrance sign and updated interpretive signage on the corner of Swan Street, the gilgie sculpture on the dam bank

on the highway 1.5km to the west of the Swan Street intersection made by Kelly Browning, pop into Stafford Park to see the farm and town maps showing all past and present landowners over the last 100 years and the montage of photos and historical information; the community wall with over 100 family plaques, and the seats located at Stafford Park and the Town Hall made from local granite and each with historic information and photographs on early days in Karlgarin, all of which meticulously installed by Kondinin Building Services. A gilgie made by Jodie Ditchburn and a family house created by Tania Spencer are also down at Stafford Park.

It has been a pleasure working with all the Karlgarin crew over the last little while and I will miss my regular trips east now that it is over! A shout out also to my colleagues in particular the lovely Ayu and the Shire's Works Manager Mark Burgess and his crew, Mick, Geoff, Bob, Sacha and Steve who did a great job in sprucing up Karlgarin in the lead up to this event.

Local Government Recognising Community Champions.

Media Partners:

Australia Day Awards promote national pride, community responsibility and participation.

## Auspire – Australia Day Council WA presents the Community Citizen of the Year

Your local government invites you to nominate an outstanding individual or group for one of this year's Community Citizen of the Year Awards to be presented on Australia Day 26 January. The awards foster, recognise and celebrate significant contributions to community life and active citizenship in all local government areas of Western Australia. His Excellency the Governor of Western Australia is the Patron and signatory for the awards.

### Guidelines and criteria

Each year three local citizens and one local community group in each local government area will be eligible for the Community Citizen of the Year Awards. The recipients will be selected from people and groups who have made a noteworthy contribution during the current year or given outstanding service to the local community over a number of years through active involvement.

Auspire - Australia Day Council WA provides four awards each year for presentation in each local government area. These prestigious awards are provided to your local government for presentation during Australia Day celebrations.

### Nomination Process

Your local government invites nominations for the awards from community groups and private citizens. At the council's discretion, a committee comprised of people from community organisations and citizens, will be appointed to encourage and promote nominations. The committee or your local council may also make nominations based on local knowledge and experience.

Nominations open on 1 September and close on 31 October and can be received in hard copy on the original nomination form or online at [www.citizenshipawards.com.au](http://www.citizenshipawards.com.au).

Nominations received after the closing date will be ineligible for this year's awards.

### The four award categories

- Community Citizen of the Year
- Community Citizen of the Year (Senior)
- Community Citizen of the Year (Youth)
- Active Citizen Award (Group or Event)

### Selection Criteria

The winners will have been judged to have shown active citizenship and:

- Significant contribution to the local community.
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- A significant initiative which has brought about positive change and added value to community life.
- Inspiring qualities as a role model for the community.

### Eligibility criteria

- Nominees should reside or work principally within the local authority making the award.
- Awards may be granted posthumously in recognition of recent achievements.
- Groups of people or couples will not normally be eligible except when meeting the criteria for a community group.
- A person may receive an award on more than one occasion in recognition of their particularly outstanding community contribution or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Nominations must be apolitical in their nature and should not in any way bring the awards program or local government area into disrepute.
- Sitting members of State, Federal and Local Government are not eligible.
