A most significant agreement for Local Government

A new road funding agreement between State and Local Governments will help Councils provide a reliable, safe and efficient road network to meet community needs.

The State Road Funds to Local Government Agreement was signed on Tuesday, 16 October, marking the end of a long negotiation in difficult budget circumstances.

WALGA President Cr Lynne Craigie said the Agreement will see Councils receive 20 per cent of total State vehicle licence fee collections for maintaining and building the road network.

"Licence fees that all vehicle owners pay contribute to the cost of building and maintaining roads and the Agreement recognises this needs to include the nearly 87 per cent of roads that are the responsibility of Local Governments," she said.

"Importantly, the agreement includes provisions to review the share of licence fee revenue that is allocated to Local Government roads in two years, acknowledging the ever increasing demand for efficient freight movement that underpins the State's economy and the risks from deteriorating roads."

Cr Craigie said the new agreement included a particular focus on road safety management systems and bridge asset management.

"Almost every journey and freight movement starts and finishes on a road that is managed and maintained by a Local Government," she said.

"This includes a vast range of roads from multi-lane carriageways that provide connections to major goods distribution centres, to those that enable access to remote communities."

KULIN COMMUNITY BANK BUSH RACES

“What a Weekend”. Yes, I will admit it is much more than a weekend. For some, its at least a week to four weeks and for the Committee, it is 12 months. A fitting result for our Community, a just reward for all the work that makes the Kulin Bush Races an amazingly successful event. WELL DONE!

The positive feedback and accolades are a tremendous promotion for Kulin, advertising of this magnitude is impossible to put a value on.

Caravans and campers hover in the region for two weeks prior to Race day, then move into Kulin during Race Week.

When the Race track camping area opens Wednesday morning, Jilakin Rock North Road becomes the Kwinana Freeway during peak hour. The “Weather Gods” smiled upon us, perfect for all, encouraging all our patrons to be track side during the day.

Our Community has the incredible ability to harness the combined power of volunteers to develop, promote and carry to fruition this exciting, highly successful event.

Your contribution, not only to the Race Week but all facets of Kulin compliment our strong volunteer commitment.

We are a lucky community, but as the saying goes, the harder we work the luckier we get.

CONGRATULATIONS TO ALL!

A special thank you to all the sponsors who support the Kulin Community with their commitment to the Kulin Bush Races.

Attendance - 3500 people including 13 – 17 year olds. 497 under 13 year olds.

Camping units – 1000 plus

Income – Up approx. \$40 000 on last year. Net profit will be conveyed when all outstanding accounts are collated.

Tin Horse Highway Report 2018

Once again the annual Kulin Bush Race Tin Horse Highway competition was closely contested.

We had seven entries this year with our visitors all getting into the spirit by voting for the "Peopled Choice award". We raised \$861.00 for the Eastern States Drought Relief Fund.

The winner of the " People's Choice" was Ex-hors-izing, in second place was Globetrotter and third place we had Dark & Stormy which also won the Chairmans award.

Thank you to all of our clever horse creators! Your horse is now on our much loved highway. Next year is our 25th Bush Races so we are looking forward to more innovative and quirky entries.

CHILDCARE HAPPENINGS

WOW what a busy few weeks we have had with school holidays and Bush Races, but we have now recovered I think. During the holidays we began spending more time out in our garden and have enjoyed picking our produce and making some yummy treats to eat. We are concentrating on healthy eating and improving our gross motor and risk-taking skills, cooking various healthy snacks our beetroot hummus was amazing, as was the spinach omelette, the children have shown that they are very capable at following instructions and are very willing to try new foods when they are involved in every step of its production from growing, preparing, cooking and tasting.

Childcare is also seeking milk cartons! If you have any please let us know.

Changes to the Scheme

- ◆ Changes have been made to continue allowing 'First and last' mile access on roads between the paddock and the nearest road approved for Restricted Access Vehicle (RAV) Network access. The changes ensure there are no adverse effects on road safety and Main Roads legal obligations are met.

Register for HMMS

- ◆ If you wish to participate in HMMS, continue to register your vehicles with a participating Grain Receiver.
- ◆ If RAV access is required on roads between the paddock and the nearest road approved for RAV Network access under HMMS, you must apply to Main Roads by submitting a HMMS Road List form to advise us of the RAV combination & roads being used.
- ◆ Your HMMS Road List must be endorsed by Main Roads before starting HMMS operations on these roads. Apply now to avoid delays.

Processing Your Application

- ◆ Main Roads will check the nominated roads between the paddock and the nearest road approved for RAV Network access to ensure they are safe for the proposed RAV combination.
- ◆ If deemed safe, your HMMS Road List will be endorsed and any additional access conditions specified (if necessary).

Harvest Mass Management Scheme

What you need to know for 2018-2019 Harvest Period

Access Conditions

- ◆ The Main Roads endorsed HMMS Road List must be carried in the RAV.
- ◆ The most direct route must be used between the paddock and the nearest road approved for RAV Network access.
- ◆ The RAV combination being used must not be a higher RAV category than the nearest RAV Network.
- ◆ When travelling on the roads between the paddock and the nearest road approved for RAV Network access, the maximum speed is 40 km/h and you must display an amber flashing warning light.

Future Planning

- ◆ Main Roads will use the HMMS Road Lists to prioritise onsite route assessments, with the aim of adding the roads to the relevant RAV Network.
- ◆ This will eliminate the need to continue providing the HMMS Road List in future.

Other Access Options

- ◆ Use a Category 1 RAV vehicle combination that is 20 m or less in length and 50 t or less in gross mass.
- ◆ Use a RAV that is greater than a Category 1 RAV vehicle combination on approved RAV Network roads.
- ◆ Apply to have my road (s) added to the RAV Network through the standard process.

The pathway to a healthier, happier, thinner you starts right here.

Do you want to feel stronger and have more energy?
Do you want to lose a few kilos but don't know how?
Do you want to improve your immune system?
Do you want to look in the mirror and feel proud of the person looking back at you?

I'd like to invite you to spend an hour with Personal Trainer, Sam Lewis, and Dr Tamara Hunter at **7.30pm on Thursday, 1st November 2018** as they explain how it's all possible for you and your family.

To book a place at this incredible workshop, text Sam on 0419 764 016.
