CEO CORNER

Welcome back to another CEO corner for 2022 and life in Kulin continues to be busy and vibrant, within an ever changing worldwide landscape. Today sees “Fortress WA” open up with additional local COVID19 restrictions. These appear to be the times we will be living in for the next few months as WA adapts to living with COVID19. Whether we agree with the conditions or not, it is just part of the strategy as a state and a community we will have to change with in an effort to minimise and overcome COVID19. Thank you to all businesses and the community for their continued perseverance as we all adjust to this new life.

At February’s Council Meeting our new Strategic Community Plan was endorsed by Council. This is now being publicly advertised for comment. In 2022 we undertook a number of Community Workshops as well as Community Surveys. This is the culmination of that work to identify key priorities within the Kulin Shire for the next 4 years.

Finally, we have been able to set a date for our Annual Electors Meeting. This will be Wednesday 16th March at 12 noon at the Shire Office. There will also be an Ordinary Council Meeting to be held at 1pm following the Annual Electors Meeting.

Last week myself and Councillors Robins, Varone and Lucchesi had the pleasure of attending the Varley Progress Association AGM and General Meeting. The communities of Holt Rock and Varley are vibrant and passionate. Key issues such as Kulin-HockRockRoad, Varley North Road, Henderson Road Bore and the Holt Rock Water Tank were raised. Shire staff will continue to work with local community members to ensure the condition of these assets remains in as best possible condition to adequately service the needs of these communities. I would personally like to thank them for the invite to the Meeting.

Summer sport continues to roll on, unfortunately with COVID restrictions I am of the understanding that

spectators are not currently allowed at community sport.. Country Week bowls kicks off this weekend for the men. The Roopups finished their cricket season on a high finishing second on the ladder, whilst the Roodogs commence their finals campaign for a 3 peat this weekend. Congratulations to Neil Saunders and Yvonne Bowey for taking out the Kulin Tennis Club singles championships. KDHS are hosting the Faction Swimming Carnival on Friday 11th March under the new COVID restrictions.

Finally, I’d like to put a shout out to Mr Charlie Bradford following his unfortunate accident the other week. A big thank you to Christina Meier and other Shire staff, plus the local St Johns Ambulance team who were able to promptly assist him.

As always plenty happening in Kulin, until next time safe travels.

Garrick Yandle - CEO

KULIN COMMUNITY HUB

GOOD THINGS TO COME FOR THE KULIN COMMUNITY HUB LET'S MEET CONNIE AND FRANCESCO

Anyone who has recently been to the Kulin Community Hub would have met Connie and Francesco Lo Drago, the new managers of the place where we all like to socialise to have a good meal and drink.

Today, I am interviewing Francesco and Connie. I am interested in their life story and how they found their way to Kulin.

Francesco is a warm-hearted Italian who grew up on a farm in Puglia, South Italy. In 1973 he moved to Torino, located in the North of the boot-shaped country which is known for their culinary expertise in pizza and pasta. In Torino, close to the French border he spent most of his life operating and fixing machines to produce fresh pasta.

At the age of 40 Francesco was considering a move to Australia. To experience life Down Under he spent a holiday with his relatives in Melbourne. The warm climate, the mateship and the lifestyle immediately attracted him and not long after he found himself operating pasta machines again – this time in Melbourne. Being very qualified and having many years of experience in his

profession in Italy he recalls his employer liked him straight away.

In 1998 Francesco and his former wife moved to Perth, where he continued to work operating pasta machines for another 2 ½ years. Attracted by the natural wonders, the beauty of the beaches and the warmer climate, the passionate swimmer and his former wife both made up their minds that Western Australia is the place to be. He recalls very fond memories of standing on top of King's Park looking across Perth's city lights. "I fell in love with the bridge and the city lights. It looked a bit like little Los Angeles" Francesco notes with a smile on his face. After his holiday he continued working in Melbourne. When his wife sadly passed away in 2011 he decided to sell his house in Melbourne and move to Perth.

Connie was also born in Italy. She moved to Australia at the age of four and lived most of her life on a farm West of Mount Walker. She married her former partner at the age of 17, moved to Narembeen for 16 years, had 3 kids and then moved to Perth in 1988. She reflects parts of her life and continues, "My kids grew up over the years and

my husband passed away in 2009 on the ANZAC Day weekend. Four years later she fell in love with Francesco and they have been very happily married for 7 years. The couple lived in Perth and made a living driving an Uber. Then Covid-19 hit and the couple decided to move back to the country. Connie worked in Hyden in a café and as a general allrounder on a wildlife farm close to Wave Rock together with Francesco.

One day, Connie and Francesco's car needed a wheel alignment. As fate willed, the local mechanic's machine was out of order so they were sent to Tin Horse Automotive in Kulin. David Mead fixed their car. While chatting to the couple Dave pricked up his ears when he heard that Francesco loves making fresh pasta. He pointed out that "He would be great to work at the Hotel", the Italian remembers. Things got rolling and Francesco and Connie became the new managers of the Kulin Community Hub. Connie and Francesco have got plans to change a few things about the Kulin Community Hub.

They explained that they have never run a pub before and that they only had

one week to take over the business to learn how to run it – which understandably is a challenge. They are trying hard to find out what the Kulin community values and welcome any feedback to accommodate the communities needs.

They look forward to introducing their own pasta, gnocchi, sauces and pizza in a traditional Italian way in future. They just need a little bit of time to set things up. They are currently researching new suppliers to purchase traditional mozzarella cheese and with some kitchen upgrades they will be able to run Francesco's pasta machine and they will roll some tasty gnocchi.

Pizza nights on Fridays will stay and there are plans to introduce an "All You Can Eat Buffet" twice a month. Connie and Francesco look forward to meet more locals as they love living in our town and value the bonding, warm and welcoming spirit of the Kulin community.

It sounds as if there is plenty of good things to come.

Until then – Bon Appetito!

CORPORATE BOWLS

WHY \$2 COINS FIND THEIR WAY INTO THE FINES BUCKET

Three weeks of Corporate Bowls has passed, and the competition is heating up to take out the coveted top spot. Only 2 games to go (no games this week)! Why is corporate bowls so popular?? With its own iconic rules such as driving is not allowed, and the participants are fined for all sorts of crazy reasons which are randomly picked out

during the evening! It isn't unusual to find yourself throwing \$2 in the fine bucket for accidentally hitting someone's foot while skillfully trying to place your bowl in the perfect position next to the kitty. Any insidiously planned attempts to immobilize your opponents will not remain unnoticed and will cause plenty of laughter – the roar of the

bowling greens can be heard in the kitchen where fantastic burgers are being prepared for after the games. Corporate bowls is full of fun and laughter and a great way to socialize and meet new people. Head down to the FRC on Thursday 10th March to join in the fun. The competition is hot at the top!

KULIN CHILDCARE CENTRE

CHILDCARE HAPPENINGS

It's been very busy at the KCCC this fortnight. We are learning about healthy eating and making delicious fruit smoothies. We have learnt how to chop, grate, and spread as we made our own salad sandwiches, and using our own home grown produce of veges and eggs to cook up some delicious healthy snacks such as vegie fritters. We have been looking at different healthy ideas in everyone's lunchboxes and ways we can get more veges into our daily diets. We are also practising using tools such as cutting with kiddy cutters and using tongs.

We have begun learning about colours and starting with primary colours and basic colour mixing

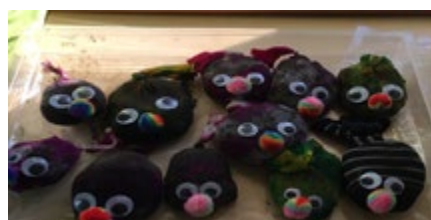

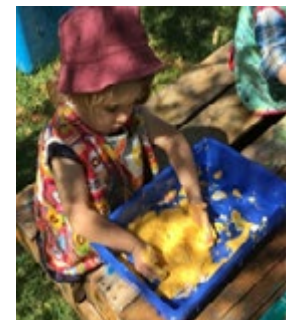

to create new colours. We are learning about shapes and made some shape pizzas. Goop is always fun and even better when you can mix colours to make new ones.

Gardening is always a big part of our learning curriculum, and lately we have been enjoying picking the fruits of our labours, including some large juicy yellow heirloom tomatoes, rockmelon and fresh herbs. We love seeing things grow, and have created some crazy "grass seed" heads using recycled socks which we are just beginning to see some grass "hair" growing.

As the weather cools and we welcome the beginning of

Autumn, we will explore some wool crafts with the older children. We have purchased a hand turning knitting machine and will attempt to make our own head twist bands and possibly beanies. If anyone is having a clean out of their craft cupboards, we will gladly take your unwanted wool or sewing cotton and put it to great use. We can also use old woollen coloured jumpers that we can unravel to repurpose by knitting into a new winter item.

We would like to congratulate Sarah Reader for receiving a staff recognition award. Well deserved Sarah.

KULIN CHILD CARE CENTRE **COORDINATOR**

The Shire of Kulin is seeking a dynamic and passionate Centre Coordinator to join our team at Kulin Child Care Centre. This is a full-time position (38-hour week), responsible for the management of the day-to-day operation of the 19-place community-based Centre. The position will undertake administration (19 hours per week) and on-the floor contact (19 hours).

MARCH 2022

Bowel Cancer

Bowel cancer is the growth of abnormal cells in the large bowel (the colon or rectum). Bowel cancer is one of the top cancers affecting men and women in Western Australia. In 2017, 1307 people were diagnosed with bowel cancer and 390 died from bowel cancer. The chances of getting bowel cancer by the time you are aged 85 (lifetime risk) is 1 in 13.

Risk factors

The exact cause of bowel cancer is not known however, there are a number of factors that are known to increase the risk of developing bowel cancer. Your risk is increased if you:

- smoke
- use alcohol
- have a poor diet, including inadequate fibre or too much red and processed meat
- don't exercise
- are above a healthy weight

Other risk factors that you cannot control but that increase your risk:

- age - most people with bowel cancer are over 50, and the risk increases with age
- having a previous history of bowel cancer or polyps
- a strong family history of bowel cancer
- chronic inflammatory bowel disease (ulcerative colitis and Crohn's disease)
- a rare inherited genetic disorder, such as Familial Adenomatous Polyposis (FAP) and Lynch syndrome

Symptoms

Symptoms of bowel cancer may include one or more of the following:

- Bleeding from your back passage (anus) or any sign of blood after a poo/bowel motion (this could be red to black)
- A change in bowel habit, for example, straining to go to the toilet (constipation) and/or looser bowel motions (diarrhoea)
- Abdominal pain and bloating
- Loss of weight for no obvious reason
- Loss of appetite
- Symptoms of anaemia, including unexplained tiredness, weakness or breathlessness

If any of these symptoms are unusual for you, and they persist for more than 4 weeks, it's important to see your doctor right away.

The **National Bowel Cancer Screening Program** invites eligible people starting at age 50 and continuing to age 74 (without symptoms) to screen for bowel cancer using a free, simple test at home. Do the home test when you receive it in the mail – it could save your life!

For more information about The National Bowel Cancer Screening Program or general cancer information and support, please call Cancer Council WA on 13 11 20 or visit cancerwa.asn.au

An advertisement for the National Bowel Cancer Screening Program. The background is dark blue with a pattern of light blue circles. The text is white and yellow. It says "Your bowel cancer home screening test" at the top. Below that, in large white letters, is "Aged 50-74? A simple bowel test could save your life." To the right, there is an image of a white and blue "Home Test Kit" box. Below the image, it says "The home test kit sent in the mail is free, easy to do and can detect early signs of bowel cancer." At the bottom, it says "Talk to your doctor or visit www.bowelcancer.org.au". MEDIA RELEASE

Inaugural Wickepin Festival a great success, Davies

28th February 2022

Member for Central Wheatbelt Mia Davies MLA has congratulated the Wickepin community for their inaugural Festival held on Saturday in the wake of recent bushfires.

The event included Wickepin's first car rally which led participants on a course to the town's historical sites, several competitions including an art competition, and Rossi boot tossing as well as free kids entertainment, live music, markets, beer and wine tasting, lamb tasting and food vans.

"Events like this showcase our wonderful region, and it was the perfect time to bring everyone together in the wake of pretty challenging times," Ms Davies said.

Speaking at the festival, Ms Davies thanked and recognised all those that were involved in the recent bushfires.

"To everyone that turned out to fight the fires, thank you for keeping lives safe and for protecting homes, properties and the thousands of livestock in the face of horrendous conditions," she said.

"There was also huge support to keep food and refreshments coming, manning the ambulance, and supporting those on the front line."

Ms Davies also kicked off the Rossi Toss competition, throwing a boot rescued from the fire and slightly worse for wear.

She congratulated the organisers and everyone involved in bringing the event to life.

"Without the efforts of all the volunteers, sponsors, organisers and community members, festivals such as these don't happen," said Ms Davies.

Ms Davies and the Member for the Agricultural Region Steve Martin also visited the fire grounds with the Chief Fire Control Officer, Mr Roger Butler and Mr Tim Heffernan.

She said reports back from the fire were sobering, with many experienced and long-term volunteers saying the conditions were the worst ever experienced.

"It is testament to the hard work of the volunteers and crews during the fires that there was no loss of life, the situation could have been far worse and every person involved is to be commended for their contribution," she said.

Water supply in a bushfire

This information could save your life

While leaving high-risk bushfires is the safest option, if you plan to stay and defend your home, you must have an **INDEPENDENT** water supply and pumping capability. This typically requires water tanks of at least 20,000 litres, pump and generator.

This is required as mains water supply and pressure cannot be guaranteed during a bushfire due to the risk of power cuts, fire damage and extreme demand.

Use the Department of Fire and Emergency Services resources to develop your personal bushfire survival plan: mybushfireplan.wa.gov.au. You can also download the My Bushfire Plan app via the App Store or Google Play to access your bushfire plan anytime - even without an internet connection.

To support bushfire plans, if you have groundwater bore access to surface water, you can take and store emergency water without it counting against your annual entitlement. For more information on this, and for the location of emergency bushfire water supplies in dryland agricultural areas, visit the Department of Water and

Environmental Regulation website: water.wa.gov.au/fireplanning.

Drinking water

We recommend you keep a supply of drinking water on hand throughout summer in case your water supply is interrupted.

Assistance for customers affected by bushfire

After a bushfire, we can assist you with issues such as damaged water meters and payment difficulties. If you have been affected by bushfire please call us on **13 13 85**.

The Emergency WA website [emergency.wa.gov.au/](http://emergency.wa.gov.au) provides emergency information and community safety warnings. Call **000** in a life-threatening emergency or the SES **132 500** for emergency assistance.
