An initiative from Rural Edge to assist you in establishing your safety priorities. Take your safety up a notch. Further information and course details on page 25.

Two years of planning and eleven months of building pay off

Funded by the Local Roads and Community Infrastructure Program, Cultivating Kulin Committee, Lotterywest and the Shire of Kulin, the "All Ages Precinct" is now officially open to the public and certainly lives up to its name.

Kids and teenagers of different age groups have been spotted checking out the brand-new Ninja Obstacle Course and Flying Fox, - two outdoor fun and fitness elements that complete Kulin's newest flagship - "The All Ages Precinct".

As I walk past the saliently colourful metal construction, a young boy, Xander Wilson approaches me: "Excuse me, how do I use this? My feet keep slipping off the board." The young boy is taking on a challenge to horizontally walk up a wooden board while using his upper body strength to pull himself up on a metal chain. "This is so hard!" "It is meant to be challenging." Two more steps and the determined boy reaches the very top of the board. "Yeah, this is the first time I have made it!" Words of pride and a face of happiness - a moment worth capturing:

THUMBS UP FOR KULIN'S FLYING FOX AND NINJA OBSTACLE COURSE!

Kave Turner, Zaiah Wilson and Xander Wilson

"Would you like to be in the Kulin Update?" "Yes! Mum, I am going to be in the newspaper!" Excitement that also attracts Zaiah Wilson and Kave Turners attention - two boys that just jumped on the Flying Fox. "This is so much fun!" All three boys are of the opinion that the Flying Fox is the best part of the precinct - thumbs up!

Welcome back to another CEO corner for 2022...

Wow, how good does the All Ages Precinct look now that Stage 2 is finished. Works were completed by the Contractor early last week, just in time for last Friday's Pupil Free Day at school and the long weekend. What a spectacle it was on Friday as it became a hive of activity for students enjoying the day off.

This whole process started with a group of students writing letters to Council voicing their ideas for what could make Kulin even more attractive to both local youth and tourists alike. The process evolved to comprehensive engagement process between Council and the students of KDHS. This included an initial Workshop to consolidate ideas, a Survey to refine the proposed ideas, presentation of a Concept Design based upon survey results, followed by a Detailed Design and Construction. KDHS students were also involved in the opening of Stage 1.

Wider community engagement was also undertaken with Cultivating Kulin Committee as well as Kulin Bush Races who contributed over \$100K towards the project. This is a great example of how Council and the community have engaged on a signif-

icant community project. The next step in the engagement process will be to determine an appropriate name for the All Ages Precinct. This will likely entail Council developing a short list of names for a vote via an online survey. This will hopefully coincide with an official opening for Stage 2 to also recognise our funding partners, particularly Lotterywest, as well as the Federal government via LRCIP.

Council staff are in the process of developing next year's budget. A considerable portion of this will be based around the Initiatives outlined in the Strategic Community Plan endorsed in February. We are fortunate to have continuing Local Roads and Community Infrastructure funding that will assist in delivering "community" projects that can easily be implemented.

We still have a number of staff vacancies advertised. Thank you to those who have submitted applications and gone through interview processes thus far. Whilst we have position descriptions aimed at full time employment, as an organisation we are flexible and have opportunities for part time and casual roles, particularly for local people who have skills and maybe interested in specific aspects of our business.

I can confirm we have managed to recruit our new set of "backpackers" for the FRC and other odd jobs around the place. They will commence on Monday 13th June with a week long handover process. Many people within the community will have had positive interactions with both Hugo and Elsa who are our incumbent backpackers and have adapted to a variety of roles within the community. They will be sorely missed, but we wish them well on their travels.

Finally, condolences to Rob and Jean McInnes and family on the sudden passing of Mick last week. Our thoughts are with you and Kulin has certainly lost another larger than life character within the community.

As always plenty happening in Kulin, until next time safe travels.

Garrick Yandle - CEO

From page 1 - Flying Fox and Ninja Obstacle Course

A bit later I have a chat with four teenagers - Alyssa, Ethan, Mason and Daniel. They had all explored the entire Ninja Obstacle Course and agreed, that the "Muscle Buster" certainly was the most challenging element of the entire course.

The Muscle Buster works like pedals on a bicycle, just with one difference - instead of using one's feet it is required to wind the bar by hand while hanging onto it with one's full body weight. This manoeuvres the device along the top rail.

KFC v Bruce Rock

Last week the Blues travelled to Bruce Rock to take on the magpies.

In the reserves the Blues started the game well kicking 3 goals in the first quarter with Dool starring through the middle of the ground along with Sav and Poppy. The second quarter though the Magpies hit back putting the Blues defence under immense pressure and levelling the game up. At the main break the Blues trailed slightly and needed a lift which was provided with Whisso going into the ruck along with some good effort down back with Mags, Zac Argent and Boo. Up front Jarman provided a target along with some youth continuing to improve with Toby, Albert and Dan who all battled on through the game. Unfortunately the Blues couldn't bridge the margin with the Magpies running out eventual winners by 29 points.

Reserve Award Winners: D.Tholstrup, B.Whisson, N.Savage, T.Maguire

The league game began close and remained so throughout the afternoon as neither teams could maintain momentum for very long. The Blues held a slight lead at quarter time thanks to some good work from Craney, Jobs and George in the middle of the ground. Just like the reserves match the Magpies hit back in the second quarter to go to the half time break with a lead over the Blues. In the third quarter the Blues managed to respond with Sammy, Baz, Wade giving some run through the middle and the backline holding up thanks to Kerry, Sos, Joel just to name a few. Up forward Duck continued to play well along with Tobe, Grabba, Tully and Whytie. Into the last quarter the game remained up for grabs for either side as the arm wrestle continued. Scads continued to improve along with Jaan in for his second game of the year as the Blues managed to hang on and record a 3 point win against a gallant Bruce Rock outfit.

League Award Winners: D.Crane, A.Scadding, S.Browning, S.Schorer

This week the Blues take on the Hawks to finish the first full round of fixtures at the halfway mark of the year. Best of luck to all our Blues representatives who will be playing in the Colts carnival the following weekend.

C-Grade Write Up

It was time to head back out to Hyden again for our next game versus Khats. We had a team of 13, including 2 subs. Today we were missing Ned and Kade. We warmed up ready to go after the D graders. Maggie was our captain for this game. She won the toss and chose the ball. It was a really hard tussle. The ball was going back and forth. Most of the time it was in our possession. They took a couple of spud runs up the field but Molly soon cut them off. By half time we were really wanting a goal. Our wings were always on the post. We were so close. It took some time. At three quarter time, Tam Wilkins said whoever gets a goal gets five bucks. I think that pushed us even further. In the last 30 seconds we finally scored. Hurray! Maddie got the goal right into the corner. The whistle blew to end the game. Caelyn got the coaches award with an excellent defensive game. It was our closest game yet, 1-0. Lyla

Congratulations Zoe Syred, Zari Duckworth, Amber McAdam, Cassie Kempton and Montana Dunlop who were selected to play representing CDNA. Well done parents for travelling to Perth so the girls could play, huge effort and such a fantastic experience for them.

The 14/U girls had a fabulous weekend and came away with three wins!! This team will also be participating in the Merredin Regional carnival also. The 12/U side also had a great weekend and lots of fun with some wins and learning lots along the way. They will be playing in Merredin again soon. Well done Megan Syred for managing the team and scoring/timing all weekend.

Australia's Biggest Morning Tea - Review

Last week a nice crowd of locals attended Australia's Biggest Morning Tea at the Kulin CRC to raise funds for Cancer Council.

Personal stories were shared and it seemed as if everyone had a good time.

At this point I would like to thank everyone who attended the event for their kind donations and also for spending some extra time in the morning to provide some tasty treats, which were most enjoyed.

On the day of the event \$502.20 was raised, which will be donated in full to help those affected by cancer. What a great effort, well done everyone!

If you missed out on attending the event and still would like to support Cancer Council, please come into the Kulin CRC. Donations can be made, until 30th June 2022. CM

Many thanks to the Kulin Lions Club

On behalf of Blaze Aid Corrigin I would like to thank the Lions Club of Kulin for their very kind donation of \$2000 (\$1000 IGA and \$1000 Katems). It's just so lovely to see other towns pitching in to help their neighbours in times of need.

We really appreciate your generosity and thank you all very much. These funds will go a long way in helping to feed our volunteers. It's amazing just how much food we are going through and donations such as this are most welcome and help greatly towards our food costs.

Again, thank you so much and our best wishes to you all. Kind regards

THE COMMUNITY BUILDERS PROGRAM

'It isn't enough for a town to have good leadership. Communities also must have people – Community Builders – who vigorously encourage and support a wide range of activities which benefit the community. These builders aren't self-serving. They're interested in improving and perpetuating their communities. Find a community with both leaders and builders and you'll find a community that works.'
(Prof Robert Manley)

The Community Builders Program represents a grassroots leadership program that seeks to support local community builders within a defined cluster of communities to better understand and build their local and regional community and economy.

'Never doubt that a small group of thoughtful, concerned citizens can change the world! For indeed it is the only thing that ever has!'
(Margaret Mead)

South Central Wheatbelt

THE COMMUNITY BUILDERS PROGRAM ...

Program Description

Community Builders is a six-month program that seeks to identify, encourage, and empower local residents to become more involved in building their community and its economy. A cluster of communities provides the geographical basis for the Community Builders Program. Between six and ten communities within the south central Wheatbelt region will constitute the cluster, each being represented by a Community Team of three to five people. These Community Teams meet together for six one day 'Cluster Muster' workshops between late June and mid-October 2022. The meetings enable shared learning and conversation about community economic challenges, opportunities and options; enhance awareness of available resources; and the discovery of the diversity and interconnections of their local and regional economies.

Program Goals

- ✓ Provide the necessary information, skills, tools, motivation, confidence and passion to positively manage community change.
- ✓ Encourage new thinking about ways to better support and nurture social and economic development at local community level.
- ✓ Stimulate collaboration between communities and create peer support networks., project and friendship links across the region.

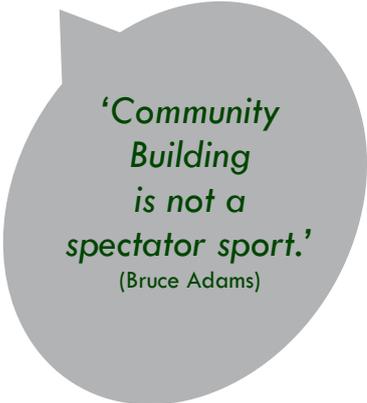

Program Components

1. **Six one day (9am-4pm) fun 'Cluster muster' workshops:** Workshop locations will rotate around participating communities and allow – a study tour of the host community; informal sharing over refreshments; resource information session; and a practical and interactive workshop experience focusing on participant identified learning priorities.
2. **Provision of a wide range of community building resources including a set of handbooks.**
3. **Community asset mapping experiences.**
4. **Individual Community Team coffee gatherings:** to focus on the Community Builder experience, learnings and its relevance and application locally.
5. **Involvement in a community project.**
6. **Opportunities for additional skills development opportunities.**
7. **Final celebration and acknowledgement event.**
8. **Formulation of individual community action plans.**

Kulin childcare happenings

This fortnight we have been focusing on sensory play with playdough, finger painting, painting with various brushes, exploring the flowers in the nature garden, doing puzzles, dance and practising climbing and balancing skills. We have set up various obstacle courses that incorporate climbing, balancing and crawling

around to help gross motor strength, spatial awareness,

balance and confidence to extend and build on skills.

We were donated some fantastic boxes of various sizes

that have been an array of play objects, some were incorporated into the obstacle courses, a large cubby house with many rooms, even a group painting box where the children worked

together as a team to roll the tennis balls around to spread the paint.

This week we also picked buckets of blood red oranges from our own fruit tree. We then got some soapy water and gave them a good wash before we squeezed them to make some lovely fresh juice.

We have also cooked up some delicious pumpkin soup from our home-grown pumpkins, with Children coming back for seconds!!

Part of our day to day jobs is to check on the welfare

of our chickens, make sure they have food and water, feed them scraps and give them some

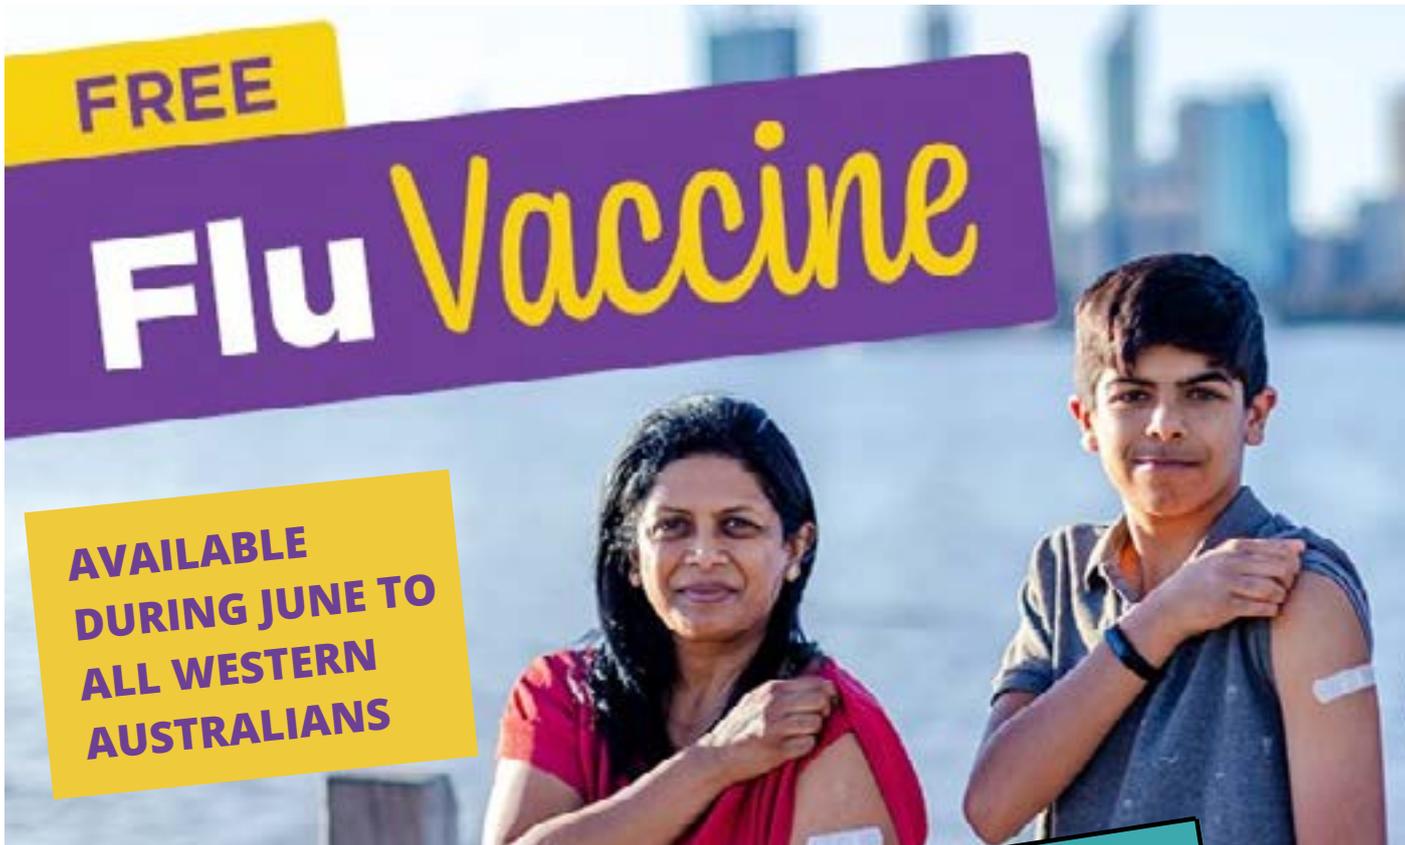

exercise. We also encourage the children of all ages to pet them, building on their confidence and sense of agency.

There are many special dates throughout the year that we encourage learning about through art and craft, stories and music. One was National Sorry Day where we created some handprint art to encourage respect for first nation peoples, read dreamtime stories and explored the didgeridoo. For world turtle day we used some donated egg cartons to make shells of turtles.

The boot's on the other foot

Today, this expression is used when a situation is quite the reverse of what it was originally. It was only 200 years ago that footwear makers began manufacturing left and right shoes and boots. Before that, they were the same for both feet.

A man who tried on his new boots often found that if one of them hurt, his problem could be solved by swapping them over. A total change had come about - the boot was on the other foot.

What is a white elephant?

A white elephant is a grand plan or scheme, usually fantastically expensive, but which, in real terms, is quite useless. Hundreds of years ago white elephants were regarded as sacred. To harm or neglect them was an offence punishable by death. The King of Siam sometimes gave a

white elephant to an enemy as a gift - knowing full well that he would probably be ruined, having to spend a fortune looking after it.

INDEPENDENT SUPPORT WORKER Employment Opportunity

Seeking expressions of interest from community members in Newdegate, Lake Grace, Kulin and Hyden.

Support worker required for NDIS Participant.

\$60.00 per hour, travel negotiable.

8 – 16hrs per week, direct supports.

Have you heard of the NDIS? In communities where disability support agencies may be lacking, self-managed and plan-managed NDIS participants may purchase supports through private arrangements. Self-directed support also allows people the choice and control to lead their own lives.

Being an Independent Support Worker requires you to have an Australian Business Number (ABN). You are also responsible for managing your own insurance, tax and superannuation.

Disability support workers are committed to meeting the needs of people with a disability within the community by providing supports in relation to their NDIS goals.

For more information relating to this employment opportunity, please contact:

Chocolat is the beautiful and captivating comedy from the acclaimed director of The Cider House Rules and is based on the best-selling novel by Joanne Harris. Nobody could have imagined the impact that the striking Vianne (Juliette Binoche) would make when she arrived in a tranquil, old-fashioned French town. In her very unusual chocolate shop, Vianne begins to create mouth-watering confections that almost magically inspire the straitlaced villagers to abandon themselves to temptation and happiness. But it is not until another stranger, the handsome Roux (Johnny Depp - Sleepy Hollow), arrives in town that Vianne is finally able to recognise her own desires.
