## Good Luck and Thank You

Stella Wade has finished in her role as CRC Trainee with her last day being Friday 21st March. Stella has been with the Shire of Kulin for 2 years, and in that time has been an integral part of the CRC and Shire operations. It has been wonderful seeing Stella develop her skills and confidence. She will be missed, however it is also with great excitement that she starts a new direction in which she can use the skills from this job to start a new path. We wish Stella all the best in her new role and thank her for you time in Kulin.

## Community Engagement

It was great to see over 100 people attend the Strategic Community Planning workshops across the Shire. Thank you to everyone who contributed and to those who

completed the survey.

We currently have the business survey open to all business in the Kulin Shire to complete. We are asking all businesses to complete the survey (link below) or use the hard copy and return to the Shire.

<https://www.surveymonkey.com/r/RWX5Y9G>

Once the survey responses have been collated, we propose to hold an interactive session if the business community feel that they would like to provide additional information. This date is to be confirmed.

It would be great if we have as many surveys completed to gain a wide cross section (if not the whole section) of our business community, as each of your needs,

challenges and opportunities are very different.

Survey closes 7th April 2025

## Medical Services

Please take the time to see the changes April to the doctors' hours and make sure you get an appointment prior to Easter to get any medication sorted for the Easter and Anzac Day break.

## Telstra 3G Closure

Please complete the survey on page 8 to give your feedback on the closure of the 3G network. The survey is being compiled WALGA on behalf of the Central Country Zone Member Councils.

Taryn Scadding

Ex. Mgr Community Services

*Thankyou and good luck*

Wishing Stella Wade all the best in her new endeavors. Stella has been driving force behind the Kulin Update and keeping the community informed and we thank her for the wonderful work with our community and visitors.

Thankyou Stella

## Consumer Alert

A pet microchip registry operated by HomeSafeID is reported to have stopped responding to customers and its website appears to be closing down, which means microchip information could be lost.

Affected pet owners are encouraged to act immediately to register their pets with a new microchip registry service to ensure the ranger and vet have access to their information if needed.

Advice for all pet owners:

- Review the certificate you received when your pet was first registered, as this will display the microchip registration number and which database they are registered in.
- If you're unsure - search [petaddress.com.au](http://petaddress.com.au) using the microchip number to check which database they are registered in.
- If you're unable to find the certificate - visit your local vet, who will be able to scan your animal and provide you with the microchip number and advise you of the database holding those details.
- If the pet is registered with HomeSafeID or Pet Electronic Tags (P.E.T.S) Pty Ltd, the microchip will need to be registered again with a new registration service. Costs range from \$15 - \$20.
- People with rescue pets are particularly encouraged to check who they are registered with.

Industry Regulation and Safety

## COMMUNITY SURVEY

### The Shire of Kulin needs your feedback! Telstra's 3G Closure

The Shire is currently gathering data in relation to Telstra's 3G Closure.

We want to hear from anyone in the community who may have experienced connectivity issues since Telstra's 3G network shut off on 28 October, 2024.

**Survey responses are appreciated by Tuesday 1 April.**

Please feel free to share this questionnaire with your neighbours and friends within the Shire.

Paper copies are available at the Shire of Kulin.

The results of this survey are being collated by the Executive Officer of WALGA's Central Country Zone, of which your Shire is a Member.

WALGA Central Country Zone Shires: Beverley, Brookton, Corrigin, Cuballing, Dumbleyung, Kulin, Lake Grace, Narrogin, Pingelly, Quairading, Wagin, Wandering, West Arthur, Wickepin, Williams

## **Shire of Kulin Community Invitation**

### **Pingaring Standpipe – Community Water Supply / Storage**

We invite the community to join us for an important meeting to discuss the current and future state of our water supply in the Pingaring area.

This meeting will provide an opportunity to learn more about the challenges and solutions related to our water resources and to share your thoughts and concerns.

**Tuesday 1<sup>st</sup> April 2025**

**3:00pm**

**Pingaring Golf Club**

**We look forward to seeing you there!**

**\*\* The 2025 Annual Meeting of Fire Control Officers and Bush Fire Brigades will follow the community meeting**

## Cardio Tennis

Over 3 weeks, 19th Feb, 26th Feb and 5th March, Kulin Tennis Club hosted Cardio Tennis. This fantastic event is always so well received every single year and is made possible by the ongoing grant program available through Tennis West, supported by Healthway and Fuel to Go and Play. Megan Henry coached these three fun sessions, with a great number of participants each week! Thank you to those involved in organising this event and applying for the grant.

We can't wait for next year!

Ace your game and fuel up with fruit, veg and water. Fuel To Go & Play

## Footy's Back! 2025 Season Kicks Off Soon

The wait is over—Round 1 kicks off Saturday April 12th in Kondinin, and we're ready to hit the ground running! With some exciting new recruits and a strong pre-season under our belts, the team is looking to start the year on the front foot.

After a solid scratch match against Moora in Perth, the boys are starting to hit their straps. Training is on every Tuesday and Thursday from 6pm and with our first game only a few weeks away, now is the time to commit.

Whether you're a player, supporter, or just love local footy—this is your year to get involved.

### Key Info:

 Round 1 – April 12th in Kondinin

 No gate fees this year—so come down and support the club for free!

 ANZAC Day Game – A special Friday night match on April 25th in Corrigin to honour our servicemen and women.

A massive thank you to our sponsors for their continued support—we couldn't do it without you! Also, a big shoutout to everyone involved in One Day Sports for their hard work behind the scenes.

For all the latest club news make sure to follow us on Instagram (@kkfc\_blues) and Facebook (Kulin Kondinin Football Club).

Round 1	Saturday April 12	Vs Nukarni (Kondinin)
Round 2	Easter Bye	
Round 3	Friday April 25	Vs Corrigin (Corrigin)
Round 4	Saturday May 10	Vs Southern Cross (Kondinin)

League: 2:30pm

# RURAL AID AUSTRALIA

Recently from the 13th March to the 21st March I went on a networking and community visit trip where the little Mazda clocked 1970kms. Hard job I know and even though not very green the wheatbelt still delivers with great scenery reminding me of how lucky I am to call this region home. Those who I met and spoke to on my trip, the stories shared good and bad reminded me of how our people in this region are also amazing, welcoming and passionate about their communities.

This trip saw me going from Narrogin through Quairading, Bruce Rock to the Mount Marshall show, on to Dalwallinu, Perenjori, Mingenew, Morawa down to Moora through Carnamah and Coorow, home then on to Wandering, Cunderdin and Kellerberrin. Most towns had received rain which varied from over 70mm to 5mm in no specific pattern.

I have listed where I went as the concerns and worries raised

by people in each town were very similar. On top of the usual stressors and concerns that regional living and farming presents the conversations I had all included the following. Concerns about the sheep industry, the election results where country people are feeling even more 'them and us' from those in cities; The firearm legislation and how no one really knows what is what feeling they are being treated like criminals; rising costs and how even though a lot of people are trying their towns have people leaving resulting in less and less services. Another big subject the 3g to 4g network debacle and now having less service.

So please everyone here's a reminder. What I also saw were amazing people all getting together sharing their concerns, looking out for each other and talking to each other. CRCs and shires were organising or had held events for community. The Wandering breakfast and the Mt Marshall show saw just as much laughter as

concerns raised. Most importantly people were able to be there for each other, support each other, remind each other that we are not in this alone and don't need to be in this alone.

We can do what we have control over, we can voice our opinion through a grass root movement or write to a minister. We can also ensure that we every day remind ourselves to be there for others, every day is an 'R U OK' day, be there for our Family, mates and our community. Most carry phones so call a mate. Or we can organise a get together.

Most importantly be a bit selfish, be there for yourself, listen to your whole self and act. When you, your mind or your body has 'that feeling' I'm not OK reach out. Even though one of the hardest things to do, taking a lot of strength, I can tell you people do really care and are there for you. You do matter to more than you realise.

## Kulin Police News

21 Johnston Street, Kulin WA 6365

Phone: 98615800

Email: [Kulin.Police.Station@police.wa.gov.au](mailto:Kulin.Police.Station@police.wa.gov.au)

Staff: Sergeant Andy Dunn, Senior Constable Barry Osborne (Uncle Baz)

March / 2025

### **General Business**

March already and round 1 of the AFL is done and dusted, can you believe it? Not a good start for my beloved Eagles but it's early days.

Policing in relation to crime for the Christmas / New year period 01/12/24 – 31/01/25 went off well in our patch.

There were a few serious crashes with one fatality in Bulyee (Corrigin's area) but no fatalities within the Kulin or Kondinin boundaries.

Around Kulin itself, no real issues at all with most of those individuals who did occasionally cause a drama or two, locked away and being fed 3 meals a day by the State Govt. Domestic Violence (DV) remains a focus as you will often see in the media.

For something so serious, DV often goes by relatively unseen and behind closed doors. Serious DV incidents account for around 1 murder per week somewhere in Australia every year. With statistics like that, you can see why there is such a focus on the issue going largely unseen and possibly unreported.

If you are affected in anyway by DV, or just want to talk, help is available 24/7 on 1800RESPECT (1800 737 732) Australia wide.

As we focus on the cooler months ahead, planning for the Blazing Swan is all but finished as we finalise our Policing plans around the usual in-flux of attendees. As locals you'd be aware of our highly visible focus on road policing during the Blazing Swan which coincides with Easter.

This year is no different and will actually increase with the recent addition of a dedicated Road Policing Team operating out of Narrogin Police Station. If you're attending the event and plan on a few drinks, nominate a skipper or arrange other transport. We conduct hundreds of vehicle stops over this period, all are breath tested and some drug tested. Don't become a statistic.

### **Community Donation Opportunity**

Some of you may recall from last year when we (the cop shop) advertised an elliptical trainer for sale?

Well, that went to a lucky bidder for a steal and we've now got \$400 to put back into the community in some way...

So, if you think you know of a worthy cause or group around town who could do with \$400, let us know via email at [Kulin.Police.Station@police.wa.gov.au](mailto:Kulin.Police.Station@police.wa.gov.au) outlining how you would use the money.

We'll make a decision based on the responses received so make your vote count and send us an Email.

### **New Firearms Act Reform**

New firearm laws come into effect on March 31<sup>st</sup>

There is lot of information out there so for accuracy, best thing you can do is contact a licenced dealer or refer to the WA Govt website here <https://www.wa.gov.au/organisation/western-australia-police-force/firearms-act-reform-2024> where all the information is contained in one place.

# KULIN CHILD CARE CENTRE

## Kulin Childcare Centre

On the 13<sup>th</sup> March we had Curtin Medical Student Immersion Program students visit the centre to run the Teddy Bear Hospital. The children were

excited to have the doctors along for the morning. They began with discussing how to keep your bodies healthy including eating fruits & vegetables and drinking water, making sure that we are sun safe wearing long clothes & sunscreen and playing in the shade when able. They discussed brushing our teeth every morning and night to keep our teeth and gums healthy. The doctors also talked about keeping our hands clean to stop germs spreading and entering our bodies when we eat. The children had a chance to take their teddy or doll to the doctor with a problem which they then resolved together. The doctors used play doctor sets to help demonstrate how doctors might come to a diagnosis on a patient.

On Saturday the 22<sup>nd</sup> of March families came to complete a busy bee in our back yard. The work put in was amazing and we are very grateful to the parents who came along and helped on the day. Our back yard is looking very neat and tidy as well as almost being a home for chooks again, our veggie patches are ready for seedlings, and slide has been repaired. A big thank you to Colby, Cassi, Kim, Clayton, Morgan, Tim and Joss for making time and bringing tools along! Your effort is so very much appreciated.

## Art & Craft Exhibition

Kulin Arts recently held an exhibition at the Kulin Community Arts Centre. The theme was 'P'. We had Proteas, Penguins, Pumpkins, Patterns, Poppies, Possums, Pottery, Paris, Pigs, Pizza, Peruvian Lily, Purples, Pinks and a Pokemon Mat.

Our exhibitions are not about competing, but about sharing The Arts to the Kulin community and surrounding towns. In keeping with this idea, we have a \$200 People's Choice Award where visitors are able to vote for their favourite artwork. This exhibition's award goes to Valerie Whiting (Corrigin) for 'Pink Pig'.

We also had a display of Kulin District High School students' artwork. Members of Kulin Arts voted for their favourite piece. The most votes went to Georgie Browning. She receives a box of art supplies.

Due to the lack of visitors we will not be holding an exhibition in the first half of 2026.

We are hoping to continue to hold an exhibition each year in October.

# PHILOMENA

## Seniors Movie Day

Tuesday | 8 April | 11am – 1pm

In 1952, Irish teenager Philomena (Judi Dench) became pregnant out of wedlock and was sent to a convent. When her baby, Anthony, was a toddler, the nuns took Philomena's child away from her and put him up for adoption in the United States. For the next 50 years, she searched tirelessly for her son. When former BBC correspondent Martin Sixsmith (Steve Coogan) learns of the story, he becomes her ally. They travel together to America to find Anthony and become unexpectedly close in the process.

Coffee & tea provided | Free event

## *SCHOOL SNIPPETS*

### **YOUNG LEADERS GO TO PERTH**

The Year 9 students from Kulin District High School attended the Young Leaders Conference in Perth on Friday November 12. They were one of around 100 schools at the new Conference Centre but were among those who travelled the furthest to partake of the opportunities to enhance leadership skills.

The day consisted of presentations by five keynote speakers plus presentations from several students throughout the state. Speakers included Tina Altieri, Grant Boxall, Brad Hardie, Premier Geoff Gallop and Graham Mabury. A common message was the need to set goals and targets for the future and the need for integrity and determination to achieve them. Both Brad Hardie and Grant Boxall spoke of overcoming major hurdles to achieve goals. Brad Hardie, after suffering horrific burns was told he would never play football but rose to play AFL. Grant Boxall after becoming a quadriplegic in a surfing accident made the paralympics team for wheelchair rugby in a very short space of time.

At the conclusion of each speaker a presentation was made in appreciation of the time and effort the speaker had made for the students at the conference. Kulin had the pleasure of presenting a gift to Brad Hardie and thanking him. Justine Riseborough and Erin Stanes represented the school. This task did not go without its rewards and both were given a kiss on the cheek from Brad. Asked whether they would ever wash their cheeks again, the answer was a resounding no. Rumour has it that there were two jealous mothers in town on Friday night who were booking seats for next years conference as students.

The success of the conference was shown by the keenness of students to get onto the Young Leaders web site on their return. The school plans to make this an annual event for students. Anyone interested in looking at the web site can find it at [www.youngleadersfoundation.org](http://www.youngleadersfoundation.org) where you can even find pictures of the students if you look hard.

John Stewart.

**Mike, Tom and Kathy Wilson at Vi Barham Awards**

## SALTED MAPLE BROWNIES AND TOTTENHAM CAKE

### Salted Maple Brownies

#### Ingredients

- 50g butter
- 100g dark chocolate chopped
- 2 eggs
- 100g golden caster sugar
- 50g plain flour
- ½ tsp baking powder
- 15g cocoa
- 2 tbsp maple syrup
- Salt flakes
- 150g digestive biscuits (crushed to crumbs)
- 2 tbsp milk powder
- 2 tbsp maple syrup
- A large pinch salt flakes
- 50g butter (melted)
- 2 tbsp double cream

#### Method

##### Step 1

Heat the oven to 180C/fan 160C/gas 4. Line a 22cm square tin with baking parchment, leaving some overhanging so you can lift the whole lot out easily. To make the base, mix the biscuit crumbs with the milk powder, maple syrup, salt, butter and cream and squeeze some in your hand, it should stick together. Press the mixture into the base of the tin.

##### Step 2

Melt the butter and chocolate in a microwave or in a bowl set over a pan of simmering water, then cool to room temperature. Whisk the eggs

and sugar until the mixture is pale and thick. Fold the chocolate mixture into the eggs then sift over the flour, baking powder and cocoa. Fold this in to make a thick batter and pour it onto the base. Drizzle over the maple syrup and sprinkle on some salt flakes.

##### Step 3

Bake for 15-20 minutes, or until the top is cracked but the middle just set. Cool completely in the tin then lift it out and cut into squares.

### Tottenham Cake

#### Ingredients

- 225g unsalted butter (plus extra for the tin)
- 225 caster sugar
- 3 eggs (lightly beaten)
- 1 tsp vanilla extract
- 1 lemon (zested)
- 225g self-raising flour
- 1 tsp baking powder
- 2 tbsp milk
- 75g raspberries
- 185g icing sugar
- 20g desiccated coconut

#### Method

##### Step 1

Heat the oven to 180C/160C fan/gas 4. Better a 30cm x 20cm rectangular traybake tin and line with baking paper. But the butter and sugar in a large bowl and beat using an electric whisk until light and fluffy. Add the

egg, a little at a time, whisking well after each addition. Beat in the vanilla extract and lemon zest.

##### Step 2

Sift the flour and baking powder, add the milk, then gently fold everything together until just combined and there are no visible traces of flour left. Spoon the batter into the prepared tin and bake for 25 minutes until golden brown and springy to the touch. Leave to cool completely in the tin, then transfer to a wire rack set over a baking tray.

##### Step 3

Cook the raspberries and 2 tbsp water in a small pan over a low to medium heat for 3-4 minutes or until they start to break down. Remove from the heat. Pour into a sieve over a bowl, squeezing out as much of the juice as possible. Discard the pips.

##### Step 4

Tip the icing sugar into a bowl and gradually mix in the raspberry juice until you have a thick, smooth, spreadable pink icing (add a splash of water if its too thick). Spoon the icing over the cake and smooth with a palette knife. Let it stand for 1-2 minutes, then scatter over the coconut. Leave at room temperature until the icing is fully set, then cut into squares to serve

## VOL. 6 NO. 11 DECEMBER 1999 - KULIN MUSEUM (RESTORATION) SOCIETY

Just a note from all of us in the above society to let you know that we are alive and kicking. The HOT project at the moment is 'Restoring Butlers Garage'

In a couple of weeks time, you will notice a new shed at the back of the garage. This will be for storing restored items. The first off the rank to be stored will be Ted Tysons Humber. The shed has been supplied through generosity of Ted Tyson in partnership with the Museum Society. Thank you Ted.

The next step is raising the amount of \$5,000 to go towards making the final payment in purchasing the garage. The Museum Society plans to raise another \$5,000 from it's proceeds from the crop of the airstrip. (We hope.)

Please read the mail box flyer sent

recently, encouraging all who can, to donate a small amount of wool, grains or seconds, or even plain old money will do. We hope you can assist.

The Museum Society is working towards receiving a grant to assist with replacing the iron on the verandah, as well as painting all the exterior of the garage with SHELL colours, and replacing all the guttering and downpipe.

When complete, the garage will be available to all registered members to use for a workshop to restore heritage items. Members will have access to garage equipment such as a large garage jack, valve refacer, air hoist, bench grinder, hydraulic press, and oxy plant that all will help with working on your own project, or on a project for the Museum Society to show at the Kulin Bush Races Day, or other major events.

Everyone who is interested is invited to become a Museum Society member for \$5.00 per year.

As an education project, the Museum Society is also planning to invite speakers from the city from other restoration clubs, who have professional experience in spray painting or the restoration and preparation of steel.

If you are interested in finding an item for restoration, or helping the Museum Society in a joint project, as well as learning about our valuable history and sharing in our heritage, then contact Davie Quicke, Harold Proud, Ted Tyson or Kevin Giles.

Have a great season.

Ross Anderson

## VOL. 6 NO. 10 NOVEMBER 1999 - GUEST EDITORIAL

### Get Behind The Community Bank

It was my pleasure last week to officiate at the opening in Kulin of Western Australia's first Community Bank branch of Bendigo Bank. The new Kulin Community Bank offers the prospects of enormous long-term benefits for the district. Now that you have secured a banking service, the key is for the whole community to get behind it as soon as possible. The quicker your branch becomes a variable business, the better. We can then work with the community on other projects to improve the long-term prospects of your districts. I believe Kulin should seek to emulate several east coast branches which began returning monthly operating surpluses to their communities within the first year. I was enormously impressed with the enthusiasm of Kulin residents for their new bank and if this transfers to banking business, then I have no doubt you are a winner. Bendigo Bank is pleased to join the Western State Government in offering fee relief to customers transferring business.

The Government has announced customers transferring from another bank will not have to pay stamp duty or financial institutions duty on that business. Bendigo Bank will waive a range of fees for customers switching business to the Kulin Community Bank branch. We want to make it as easy as possible for customers to support their own branch. We want people to be able to switch business over from their current bank at little or not cost.

It is only fair that people wishing to support their own towns should be able to do so at minimum cost to themselves. We are therefore pleased to announce that, where possible, we will waive fees which would normally apply to the setting up of new accounts. Conditions will apply since there are isolated instances in which the Bank cannot waive cost-recovery fees. But in the overwhelming majority of cases, Community Bank customers transferring business will not pay application fees for loans, switching costs and any fees associated with

setting up of accounts.

A typical home loan customer will therefore save around \$600 with business clients possibly saving even more.

The fee-free period will extend until three months after the branch opening. I believe the Community Bank will make an enormous difference to Kulin. At the moment, you have secured a banking service to replace the branch you have lost. Longer term, though, Bendigo Bank will continue to work with you to generate further economic activity.

Kulin is the fourteenth Community Bank branch of Bendigo Bank, with five more branches to open by the end of November, including more WA branches at Goomalling, Tambellup and Cranbrook.

Rob Hunt, Group Managing Director, Bendigo Bank

## INTERVIEW TIPS

There is no single interview format that all interviewers follow, as it will depend on the industry, role and type of employment.

### Screening Interviews

These are preliminary discussions which assess the candidate's suitability to progress to the next stage of the recruitment process. They will focus on your ability to communicate, your motivation and interest in the role and your ability to answer basic interview questions. Common screening methods include telephone interviews and video interviews.

### Informal Interview

These interviews usually involve an unstructured conversation with the employer and are commonly used by small businesses like cafes, bars or independent retail stores. The interviewer may ask you some questions relating to the position but these are generally not standardized and your answers are not scored in a formal way. While an informal interview can feel like a friendly chat, remember that you're being assessed for your suitability for the job.

### Formal Interviews

Formal interviews are structured with carefully chosen questions that examine your suitability for the role. All candidates are usually asked the same set of questions. There are several sub-categories of formal interview:

- One to one – you're interviewed by one manager or staff member.

- Panel interview – you're interviewed by several people at once (usually between two and five). Many people find this daunting but there is no reason to be intimidated. The aim of a panel interview is to gather input from different stakeholders when making hiring decisions rather than relying on the judgement of a single interviewer. Remember to engage with all panelists when answering or asking questions.

- Case study interviews – require you to work through an assigned business problem or scenario. They're common in the management consulting field.

### Group Interviews

The interviewer(s) meet with several candidates at the same time. This can be either a screening method or a final interview depending on the employer's needs. It's essential to speak up, while also being respectful of your fellow interviewees by not talking over others or dominating the conversation.

### Interview Preparation

The key to successful performance at an interview is preparation. You will feel a lot more confident if you understand the organisation and can anticipate questions based on the role description. Here are some key tips for preparing for your next interview.

#### Before The Interview

- Research: Find out all you can about the industry, the organisation and the job, as the employer will expect you to understand the organisation's services and values. Use the internet, industry publications, the University Library's resource guide for researching organisations and industries, and personal contacts.

- Reflect: Consider your skills and past achievements. Employers will expect you to know what they have to offer and be able to provide evidence of your potential value to the organisation and role. Make a list of the selection criteria and reflect on examples you can cite for criterion. For example – verbal communication skills.

- Rehearse: The job advertisement or description may provide some clues as to what the interviewer will ask you. Practice with a friend or relative and ask for their honest feedback. You can also rehearse in front of the mirror, or record your answers and listen back over them to identify areas for improvement. Guide your practice

using our sample interview questions.

### During The Interview

Ensure everything about your appearance reflects your professionalism and attention to detail, such as wearing appropriate attire for your industry, and having polished shoes, neat hair and nails.

Be on time, and make sure your mobile phone is on silent or turned off.

Smile, maintain eye contact and confident posture and body language. Listen to the questions and make sure you are answering the question you were asked, not the question you were anticipating.

Avoid rushing into your answer without thinking. The interviewer will expect you to take your time and give a considered answer.

### Questions You Can Ask

You will probably be given an opportunity to ask questions at the end of the interview, so think about what you'd genuinely like to know. Asking a considered question can show your interest in the job and the organisation. Things you might ask about are:

- Questions based on your research of the organisation's website or its annual report

- Types of projects you'd be working on and the mentoring or training opportunities

- Specific questions about the tasks you'd be involved in on a day-to-day basis or about the team that you would be joining

- Relevant questions that show your enthusiasm, for example, when the interviewer/s expect to make a decision on the successful candidate that show your enthusiasm, for example, when the interviewer/s expect to make a decision on the successful candidate, or, in the case of a series of interviews, the next stage of the recruitment process.

## WORLD HEALTH DAY 2025

World Health Day, celebrated on 7 April 2025, will kick off a year-long campaign on maternal and newborn health. The campaign, titled Healthy beginnings, hopeful futures, will urge governments and the health community to ramp up efforts to end preventable maternal newborn deaths, and to prioritize women's longer-term health and well-being.

WHO and partners will also share useful information to support healthy pregnancies and births, and better postnatal health.

### Helping Every Woman And Baby Survive And Thrive

This task is critical. Tragically, based on currently published estimates, close to 300 000 women lose their life due to pregnancy or childbirth each year, while over 2 million babies die in their first month of life and around 2 million more are stillborn. That's roughly 1 preventable death every 7 seconds.

Based on current trends, a staggering 4 out of 5 countries are off track to meet targets for improving maternal survival by 2030. 1 in 3 will fail to meet targets for reducing newborn deaths.

### Listening To Women And Supporting Families

Women and families everywhere need high quality care that supports them physically and emotionally, before, during and after birth.

Health systems must evolve to manage the many health issues that impact maternal and newborn health. These not only include direct obstetric complications but also mental health conditions, noncommunicable diseases and family planning.

### When Is World Health Day 2025?

The unparalleled value of good health is celebrated on World Health Day on April 7. Spearheaded by the World Health Organization (WHO), physical, mental, and emotion well-being is promoted and celebrated all

over the world on this day.

### History Of World Health Day

To talk about World Health Day, we need to talk about the creation of the World Health Organization as a whole. In December 1945, officials of Brazil and China proposed the creation of an international health organisation, that is all-encompassing and absolutely independent from any government powers.

Half a year later, in New York, in July 1946, the constitution of the World Health Organisation was approved. Said constitution entered into force on April 7, 1948, as 61 countries signed in agreement for the exception of NGO.

As one of the first official acts of WHO, they created the celebration of World Health Day. It was first observed on July 22, 1949, but the date was later changed to April 7, the establishment of WHO, to encourage student participation.

Since 1950, the World Health Day uses a different theme and theme each year selected by the current WHO Director-General, based on the suggestions of the member governments and staff. World Health Day provides a global opportunity to focus attention on important public health issues that affect the international community. On the occasion of World Health Day, promotional programs are launched that continue for a long time after April 7.

### World Health Day Around The World

<b>Country</b>	Canada
<b>Holiday</b>	FND Awareness Day
<b>Occasion</b>	A day for raising awareness of Functional Neurological Disorder
<b>Date</b>	April 13
<b>Country</b>	South Africa
<b>Holiday</b>	Pregnancy Awareness Week
<b>Occasion</b>	This observance

	aims to strengthen pregnancy education and stress important issues that promote a healthy pregnancy and safe motherhood
<b>Date</b>	February 10-16
<b>Country</b>	Vietnam
<b>Holiday</b>	Doctor's Day
<b>Occasion</b>	Celebrating doctors and their valuable services
<b>Date</b>	February 27
<b>Country</b>	India
<b>Holiday</b>	National Deworming Day
<b>Occasion</b>	The day aims at eradicating intestinal worms also known as Soil-Transmitted Helminths (STH), among children in the age group of 1-19 years.
<b>Date</b>	February 10
<b>Traditions</b>	Since its inception, health issues and access to healthcare have been greatly campaigned for by people all over the world on World Health Day. The World Health Organisation has a different theme every year for this day, which is highlighted in schools, seminars, workshops, and discussion forums. The day is all about creating awareness for the health issues of the needy and the less fortunate in poor regions around the world, as well as reminding us to be grateful for our health and to better take care of ourselves.
	Outdoor activities like hiking and bicycling are organised, as well as charity drives and fundraisers. Mental health is often most neglected and, owing to our stressful lifestyles, its very important nowadays. So meditation and therapy are greatly encouraged. Of course, you are what you eat, so the meals of the day and restaurant promotions are all about maintaining a balanced diet.

Appointment of Auditor  
Meeting Close

A general meeting will follow the AGM

## Isolated Children's Parent's Association

Are you a parent, carer, organisation, or company in rural WA that represents a child at any stage of their educational journey?

If the answer is **YES**, then you should be a member of the Isolated Children's Parents' Association (ICPA).

Link to join <<https://www.icpa.com.au/wa/membership>> and to see what we are about.

ICPA advocates and lobbies for access to equitable education for all regional, rural, and remote children across the state, by raising awareness of the issues faced by geographically isolated children, families, schools, and communities.

ICPA WA has 8 branches within the state that work together with state government departments and organisations that have a direct impact on rural, regional, and remote children's educational journey. For 54 years ICPA has been working with rural families around the state on issues such as bus services, allowances, funding, school staffing, teacher training, school resources and services, accommodation, distance education, and early childhood. Whether the child/ren in your life attends daycare, playgroup, primary school, high school, boarding school, TAFE, or University, ICPA volunteers work to improve their experiences.

ICPA works hard to maintain close working relationships with all decision-makers in rural education, which has afforded them a seat at many tables local parents, schools, organisations, and communities can't get.

Some current issues our members are facing, and we are advocating for are.

- School Bus Service's
- Teacher attraction and retention
- Increase Boarding Away from Home Allowance (BAHA)
- Tutor Allowance for remote students
- Mobile phone and Internet services in rural areas

ICPA has recently celebrated success and supported families in:

- reinstalling two cancelled bus services for local members.
- gained access to accommodation for an ag school student that was previously denied
- seen an increase to the conveyancing allowance for school travel after years lobbying

By joining the ICPA Eastern Districts Branch, you make our voice stronger when we are lobbying for the issues affecting your child, family, school, or community.

Please visit our website, find your local branch, and join today! <<https://www.icpa.com.au/wa>>

A promotional poster for the 'PLC On the Road' event. The background is a photograph of a white pith helmet with a blue and green striped band, perched on a wooden fence post in a dry, open field. The sky is blue with some clouds. The poster has a dark blue diagonal overlay on the right side. In the bottom left corner, there is a white banner with the number '11' and the PLC Perth logo, which includes a crest and the text 'PLC PERTH CELEBRATING 110 YEARS'. In the top right corner, there is a QR code with the text 'RSVP HERE' below it. The main title 'PLC On the Road' is in large white letters on the dark blue background. Below the title, there is a paragraph of text. At the bottom, a green banner contains the event details.

## Feedback

On behalf of Curtin and Rural Health West I would like to say a massive thank you to you for helping make the Curtin Medical Wheatbelt Immersion program as good as it was.

The Wheatbelt Immersion program is a really important part of the student's learning. It helps them to have a realistic view of what life could be like as a rural doctor and encourages them to consider a rural pathway and to seek ways to improve equity for those living in rural and remote communities.

Anecdotal feedback from the trip is that students loved the program mix of health / medical and community engagement activities. Many of them are now considering Rural Clinical School as a pathway to complete their medical degrees, and we hope that some of them end up living and working as medical practitioners in Wheatbelt towns and shires.

Best wishes for a happy and healthy 2025 and we hope to see you in 2026!

Gary Hepworth
