

Strategic Integrated Plan

2025 - 2035

Introduction

This Strategic Integrated Plan is based on a shared vision between the Shire's communities (Kulin, Dudinin, Holt Rock and Pingaring) and Council for the Shire of Kulin local government area.

It focuses on a long-term plan (2025– 2035) and 4yr Delivery Plan (2025/26 – 30/31) that sets out Council's strategies to achieve it.

The Strategic Integrated Plan has been developed using previous plans, data, and surveys as its foundation. It has been 'checked' and priorities reconfirmed by the community and Council to ensure continuity and demonstrated progress towards our vision and purpose.

The Shire of Kulin is an 'outer regional' Local Government area, located 283 kilometres east of Perth. The Shire covers an area of 4790 square kilometres with the main residential centre being the town of **Kulin**.

Dudin is located 37kms south of the Kulin town site. It was developed as a result of the railway line construction and it's Aboriginal name means 'place of much water'. It has a tennis club, cemetery, grain receival site, hall, and public toilets.

Holt Rock is located 149km east of Kulin, in the eastern point of the Shire. It is situated between Hyden (Shire of Kondinin) and Varley (Shire of Lake Grace). The town is named after the nearby geographical feature that was named by the explorer Frank Hann in 1901. Holt Rock has a grain receival site.

Pingaring is a small town in the Shire of Kulin, it also falls in the Shire of Lake Grace. The name of the town is the Indigenous Australian name of a nearby spring that was first recorded by surveyors in 1926. Pingaring has a grain receival site, general store, agricultural supplies, golf course, hall, public toilets and community centre.

Jitarning is located 22km south west from Kulin and was proclaimed a town in 1917. It has a grain receival site.

How we developed this Plan

The plan was developed based on community engagement with priorities identified by the people who live within the Shire; input from Elected Members and Staff based on feedback they have received and their strong desire to deliver positive outcomes for their community; and current partnerships and projects already being delivered.

This Plan is part of the Integrated Planning and Reporting Framework that all Local Governments in Western Australia adhere to and is illustrated below:
