As the weather warms up, so too does the energy around town and at the race track. The 30th Kulin Bush Races promises to be another fantastic event that not only highlights the spirit of our amazing town, but also the incredible level of community involvement that brings such a significant regional event to life. It's a true testament to what we can achieve when we come together.

This week, I had the privilege of attending the WALGA Local Government Week Conference with Cr Bowey. The theme this year was "Lean into Legacy"—a fitting reflection of how our community operates. In Kulin, we honour our past, embrace our values, and build on the accomplishments of those who came before us to inspire our future.

Events like this give us the chance to learn from other inspirational communities across Western Australia. It's great to see the innovation and progress happening around the state, and it inspires us to continue supporting, growing, and moving forward together.

We are calling all community volunteers to mark the diary for the Not-for-Profit Success in the Bush Forum, being held in Perth on 17 October. The Shire of Kulin is proud to support our local clubs and associations by offering tickets to this event. The forum is 100% focused on strengthening regional clubs, associations, and community

organisations. Kulin Bush Races will also be in the spotlight at this event to inspire other communities.

The day will feature speakers from across WA sharing real-life case studies on:

- Improving the financial health of local clubs
- Attracting and retaining volunteers
- Streamlining multiple sports clubs in small communities
- Using community funds to purchase and operate local businesses
- Leveraging AI to save time and resources in club management

If you're involved in a local club, association or community group, this is a fantastic opportunity to gain new ideas and practical strategies to bring back to

Kulin. Please register your interest in attending to the Shire of subsidised tickets or for more information.

Another significant milestone is being celebrated in our region this weekend—congratulations to the Dudinin Tennis Club on reaching their centenary!

A hundred years of tennis, teamwork, and community spirit is no small achievement. This event celebrates the dedication of past and present volunteers, players, and community members who have contributed to the club and community. Congratulations on this significant milestone.

Enjoy the long weekend and the school holidays.

Updated Firebreak Order

2025/2026

Updated User Fees & Charges

2025/2026

At the Shire of Kulin Ordinary Council Meeting held on 17 September 2025 the Council agreed to adopt an updated Firebreak Order for the 2025/2026 fire season which incorporates the new provision for Licenced Grain Out-Loading Hard Stand Areas.

This provides landowners, particularly those using contractors, with an approved and managed option for completing grain out-loading during periods when a Harvest & Vehicle Movement Ban is in place. Details are included in the updated Firebreak Order which is published in this edition of the Update and available on the Shire's website

<https://www.kulin.wa.gov.au/live/fire-emergency/bush-fire-information.aspx>

Approval for a Licenced Grain Out-Loading Hard Stand Area on your property can be made by completing the application form on the website – please note application forms must be lodged by Monday 20 October 2025.

Council have imposed a \$250 application fee for the licensing of each grain out-loading hard stand area and this fee has been included in the Shire of Kulin User Fees & Charges (imposed from 1 October 2025).

SHIRE OF KULIN FIREBREAK ORDER 2025/2026

Issued pursuant to Section 33 of the Bush Fires Act 1954

Notice to All Owners and/or Occupiers of Land

You are hereby required on or before 31st October, and thereafter up to and including 15th March, to have a 3 metre firebreak clear of all inflammable material on all rural and townsite land owned or occupied by you, as per the following requirements.

General Firebreak Requirements

Rural Land

- Immediately inside all external boundaries of the land.
- In such other positions as are necessary to divide land in excess of 400 hectares into areas not exceeding 400 hectares, each completely surrounded by a firebreak.
- Immediately surrounding any part of land used for crop.
- Parallel to and within 100 metres of the perimeter of all buildings, haystacks and fuel ramps situated on the land.
- Immediately surrounding any drum or drums or other receptacles situated on the land which are normally used for the storage of fuel, whether they contain fuel or not, provided that the firebreak required shall be not less than 5 metres wide.
- Immediately inside land on which bush has been bulldozed, chained or prepared in any similar manner for clearing by burning (whether you intend to burn the bush or not); provided that the firebreak required to comply with this paragraph only shall be not less than 7 metres wide. Where the land is prepared for clearing by burning after 19th September you shall provide the firebreak immediately.

Townsite Land – Area Less than 1 Hectare

- All hazardous material must be removed from the whole of the land except living trees, shrubs and plants.
- In the remaining area all vegetation is to be maintained to a height of no greater than 100mm.
- It is recommended that at least a 2m wide area immediately within the external boundaries of the lot, be clear of all flammable material except for living trees, plants and shrubs. (Note: any land of one hectare or above – rural provisions apply.)

Important Notes

These requirements are made pursuant to Section 33 of the Bush Fires Act 1954. Failure to comply with this notice may render the landowner or occupier liable to a penalty and the Shire may carry out the required works at the owner's expense. These requirements are in addition to, and not a replacement for, the duty of care under the Act to prevent fire on your property.

Registered Grain Out-Loading Hard Stand Areas

The Shire of Kulin may approve grain out-loading hard stand areas to facilitate safe out-loading of grain, including during periods when a Harvest and Vehicle Movement Ban (HVMB) is in place.

A registered grain out-loading hard stand area must meet the following requirements:

1. Application Requirements

- Landowner must submit an application and statutory declaration.
- Photographs must show the nominated area is bare earth with a minimum 25-metre radius from any ignition source (for example and ignition source might be - augers, trucks, or other machinery). Multiple areas may be nominated in one application, however approval will be at the discretion of the Shire and not all nominated areas may be approved.
- An annual registration fee of \$250 + GST applies.
- GPS/map pin drop required for each nominated site.
- All applications must be lodged with the Shire by no later than 20 October of each year.

2. Maintenance & Standards

- The registered area must be maintained with bare earth for a minimum of 25 metres from any ignition source at all times during its use.
- Approval does not negate the requirement for compliant firebreaks elsewhere on the property
- Registered areas are subject to inspection by a Fire Control Officer at any time without notice.

3. Operational Conditions During Out-Loading

- A dedicated fire unit with a minimum of 600 litres of water, pump, and hose must be present at the site.
- The fire unit must be attended by a person other than the person conducting the out-loading activity.
- Out-loading activity from registered areas may be suspended without notice at the direction of the CBFCO, DCBFCO or FWO(s), for example:-
 - o when there is an active fire within the Shire of Kulin
 - o when a Catastrophic fire weather forecast is issued by the Bureau of Meteorology.

Harvest and Vehicle Movement Bans – Exemptions for Fire Suppression Activities

During the period of a Harvest and Vehicle Movement Ban (HVMB), the Chief Bush Fire Control Officer (CBFCO) may grant an exemption for the movement of plant or equipment (for example, a dozer) that has been called into fire suppression activities in another local government area.

This exemption is subject to the following condition:

- a fire unit must be in attendance whilst that activity is undertaken, attended by a person other than the person moving the plant/equipment.

Firebreak Variation

If it is considered by the owner or occupier of the land that it is impractical to clear firebreaks to comply with this notice due to soil erosion, the spread of salinity or for any other reason, a request for a variation may be made to the Council not later than 1 September of each year.

Such a request must be in writing and include a detailed farm plan showing the proposed location of firebreaks or of the alternative fire protection methods to be used.

Burning of Garden Refuse During Restricted Burning Period (Sec. 24 (f) Bush Fires Act 1954)

- (1) A person must not burn garden refuse at a place (other than a rubbish tip) during the limited burning times for that place unless it is burned –
 - (a) in an incinerator in accordance with subsection (2); or
 - (b) on the ground in accordance with subsection (3).Penalty: \$3 000.
- (2) Garden refuse burned in an incinerator is burned in accordance with this subsection if –
 - (a) the incinerator is designed and constructed so as to prevent the escape of sparks or burning material; and
 - (b) either:-
 - (i) the incinerator is situated 2 m or more away from any building or fence; or
 - (ii) if the incinerator is within 2 m of a building or fence, the local government has given written permission for the incinerator to be used; and
 - (c) there is no inflammable material within 2 m of the incinerator while it is in use; and
 - (d) at least one person is present at the site of the fire at all times until it is completely extinguished; and
 - (e) when the fire is no longer required, the person ensures that the fire is completely extinguished by the application of water or earth.
- (3) Garden refuse burned on the ground is burned in accordance with this subsection if –
 - (a) there is no inflammable material (other than that being burned) within 5m of the fire at any time while the fire is burning; and
 - (b) the fire is lit between 6 p.m. and 11 p.m. and is completely extinguished before midnight on the same day; and
 - (c) at least one person is present at the site of the fire at all times until it is completely extinguished; and
 - (d) when the fire is no longer required, the person ensures that the fire is completely extinguished by the application of water or earth.
- (4) A local government must not give permission under subsection (2)(b)(ii) unless it is satisfied that the use of the incinerator is not likely to create a fire hazard.

AUTHORISED BY SHIRE OF KULIN CHIEF EXECUTIVE OFFICER

Bush Fire Brigade Protective Clothing

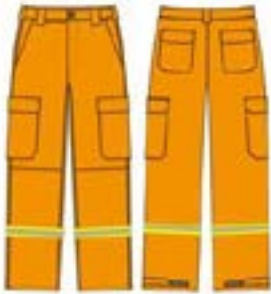

Do you require Protective Clothing for the Bush Fire Season?

A duty of care exists for a Fire Control Officer to ensure that persons attending an incident has appropriate PPE (personal protective equipment), the same responsibility rests with those attending so please ensure you wear the required clothing, otherwise insurance issues may arise.

As we head towards the start of Bush Fire Season, the Shire offers all our volunteers the opportunity to order protective clothing - coats and trousers, supplied by Stewart & Heaton Protex as well as Honeywell 7600 face masks, provided by Scavenger Supplies.

The Kulin Shire cover the full cost of protective clothing and will pay 50% of the cost of face masks or fire goggles. Please email to@kulin.wa.gov.au to request an order form. Cut off date for all orders will be Monday 20 October 2025.

You must be a **registered member of a bushfire brigade** within the Shire of Kulin, and have not placed an order in the past 5 years.

INFORMATION SHEET FOR RURAL LANDOWNERS

Basic Raw Material Extraction for Commercial Purposes

PURPOSE OF THIS INFORMATION

This information sheet has been prepared to assist rural landowners who may be approached by companies or contractors seeking to extract basic raw materials including sand, gravel, rock, limestone, clay and shale from their properties for commercial purposes (e.g. wind farm footings).

Landowners should be aware of planning, environmental, and road network considerations before entering into any arrangement.

1. Planning Requirements

Zoning and Land Use Controls

The extraction of basic raw materials including sand, gravel, rock, limestone, clay and shale is classified as 'Industry - Extractive' under most Local Planning Schemes. This use is not exempt from planning approval in the Shire of Kulin, even on rural land.

- Development Approval is required under the Shire of Kulin Local Planning Scheme No.2 (LPS2).
- Approval must be obtained before any extraction activity commences.
- Proposals are assessed against zoning objectives, land capability, and environmental impacts.

Supporting Documentation for Planning Approval

- Site plan and excavation details
- Estimated volumes of material to be extracted
- Duration and staging of activity
- Rehabilitation plan
- Dust and noise management measures
- Traffic impact assessment and traffic management plan

Key Consideration

Even "temporary" or "small-scale" borrow pits require formal approval if the material is being used for commercial purposes such as wind farm infrastructure.

2. Environmental and Licensing Matters

- If more than 50,000 tonnes of any basic raw material/s is proposed to be extracted per year, a Works Approval or Licence may be required from the Department of Water and Environmental Regulation (DWER) under the Environmental Protection Act 1986.
- If clearing of native vegetation is required, a Native Vegetation Clearing Permit may also be required from DWER.
- Consider potential impacts to wetlands, watercourses, or remnant vegetation.

Kulin Golf Club Our 2025 golf season came to a wet cold and wintry ending with only four lone brave golfers taking to the course for our game.

All ended well though as a nice group of members gathered at the Freebairn Centre on Sunday evening to celebrate with our winners. Congratulations to them all.

Lorna Finlay and Robert Dall were our club champions with Helen King and Bruce Finlay being runners up. Our longest drive winners were Ellen Marchei and James Wilson and eclectic winners were Helen King and "Harro."

We have had a terrific season and encourage anyone who may be thinking of golfing next year to come along to our AGM on October 29th and get involved with our planning for 2026.

Kulin Childcare Centre

Last week, we enjoyed the warm sunshine while exploring shaving foam in our table tray. This sensory experience allowed the children to experiment with textures—pushing and moving the foam through their hands. While sensory play can sometimes feel overwhelming, it offers a valuable opportunity for children to practise touch in a safe and supportive space.

The Snail and the Whale by Julia Donaldson is a much-loved book in our centre. The children have spent time creating beautiful snail and whale artworks, which now decorate our ceiling and bring a lovely sense of storytelling to our space.

Puppets have recently featured in our home corner, inspiring the children to act out imaginative stories with rich characters and expressive voices. It's wonderful to see their creativity flourish as they build narratives through play.

Our colourful magnetic blocks continue to be a favourite. The children have used them to construct impressive creations, often forming a base for play with other toys. These blocks have been part of our centre for a few months now and remain a popular choice during free play.

Our juicer made another appearance recently, and the educators were delighted to see the children independently move to wash their hands as soon as they heard we'd be doing some cooking.

Thank you to our families and community for supporting us.

KULIN BUSH RACES

1 WEEK TO GO!

BEHIND THE SCENES OF

With only a week until the 30th Kulin Bush Races, the excitement is well and truly building and tickets have now officially sold out!

The shed is looking more and more race-ready each day with the balustrades and railing in, ground backfilled and levelled, and the bar now in place.

A big thanks to everyone who came out for the busy bee on the weekend we achieved a lot, but there's still plenty to tick off this coming weekend. If you can spare a few hours, we'd love to see you out at the track lending a hand.

Rosters are now up — don't forget to check yours! The yellow highlights show the spots that really need filling, so if you haven't put your name down yet, now's the time.

And don't forget, we're kicking off the celebrations with the official opening of the brand-new KBR HQ this Friday night. Come along, be part of this special moment in our history.

KULIN BUSH RACES SHARE YOUR MEMORIES

FROM CRAZY IDEA TO KULIN ICON BY - WENDY GANGELL

My first memories of our bush races are many. From the very first mention that we should try having something to put KULIN on the map to the idea of horse racing in an area with a handful of people who could actually ride a horse with about eight horses in the whole area.

Then trying to sell our idea to the wider Kulin community where Graeme and I would front up to annual club meetings or any local gathering we heard about to pitch our idea- mostly to an audience who clearing thought we had gone a bit crazy.

To the actual planning with no finances to speak of, ordering everything on a 30 day credit system hoping to have some funds to cover our expenses as the dust settled.

To the actual day where most things were so much better than we could ever dream of- the crowd of people that came along to enjoy- or maybe just curious to see how we went- to the fantastic setting and end of day music by the music of the legendary Troupadors- who arrived late- had a demanding drinks list - but surpassed our expectations in every other way.

To me the annual Art show on the Friday evenings prior to race day where everyone got all flashed up and went along to view the amazing displays put together by our art ladies was always a stand out start to our weekend- the official opening of our weekend was at the artshow- everyone gathered to catch up with friends they had not seen for ages.

Then it was onto the pub where there was live music and dancing till we all headed home to be up bright and early for the race day. Friday nights at the pub were huge- the building bursting at the seams- real live bouncers at every door and all our out of town visitors letting their hair down before boarding the bus to head back to the track.

My involvement with everything Tin Horse has been a huge experience and the number of horses

we have and the varied people who have, and are still contributing, to our now famous highway is mind blowing.

Many things have changed over our 30 years but much remains the same. Why change what works while moving ahead to keep things interesting and vital to today's needs. I have great faith in the people now heading our event and with all of the exciting developments this year- new shed, KBR HQ and a strong sense of strength going forward I wish you all well. Thank you for letting me still have the best job on race day where I get to mingle with the race winners, chat with the sponsors and enjoy all the goings on in the track office.

Lets all celebrate this year and along with my generation support and watch our event as it heads into the next sunset.

The original KULIN t shirt, designed to address the question locals faced when they were asked where they were from- our bush races and tin horse highway has certainly changed that. Our claim to being "the capital of the wheatbelt" way back then was questioned by many - it's really just a state of mind isn't it, no different to "home is where the heart is"
- Wendy

And while we are busy with bush races and school holidays our gardens are beginning to bloom and we don't have time to enjoy them - Wendy xx

WELCOMING RIDERS AND SHAPING THE TRACK

BY - GEOFF BROWN

Alongside many volunteers one of the first jobs I was involved in was to plan the racing track and construct the horse yards. The track and railing has been improved over the years but has remained the same design and location. The horse yards lasted well but were finally upgraded to steel in 2023.

On the eve of the event, my responsibility was to welcome all competitors in the horse races and gymkhana when they arrived on course. On horseback I would meet everyone and escort them to where they would camp. Often parents participated as racehorse owners and riders, while their children showcased their ponies in the gymkhana. Engaging with competitors and their horses prior to the competition ensured riders could approach me easily on race day if they had any issues.

My race day commenced early with a trail ride for all gymkhana competitors. Bernadette Carmody played a vital role in organising the participants, ensuring that everyone felt welcomed and understood the event schedule. The gymkhana was essential for obtaining the racing permit, as it needed to be conducted alongside the horse races.

Following the gymkhana my role as Clerk of the Course meant I checked in with the racing competitors and worked alongside them to ensure they were taken to the start line safely and then following races they were escorted to the horse yards.

The days were typically long, hot and dusty. Once the races concluded, the festivities commenced, filled with music and fireworks.

My responsibilities transitioned from overseeing the horses to sometimes supervising the younger attendees, encouraging them with set up their

camps as far away from the family campers as possible.

The Kulin Bush Races is a cherished tradition, attracting participants and supporters for thirty years is an incredible achievement. Through Kulin's community's dedication, the legacy of the races is something remarkable—an annual celebration that fosters fun and connection and showcases the wonderful community spirit of the people of Kulin.

OUR FIRST BUSH RACES ADVENTURE

BY - ANDRENA MULLAN

One of my first memories of the Bush Races back in early 90's was camping in the middle of the race course in a box trailer and the car. Mum, Dad & three kids.

It was warm, dusty, plenty of flies and a relatively small crowd on today's standards.

It was a new experience.
Kids were excited, Mum & Dad apprehensive.
But a good time had by all.

Feeding the Field: A Brownie Stampede!

As we barrel down the track towards Bush Races next weekend, it's been absolutely hectic with all systems go out at the grounds. Busy Bee days have seen volunteers scurrying to and fro, working tirelessly to pull off what's shaping up to be the best Bush Races yet. And rightly so—this year marks the 30th anniversary of the event, a massive achievement that the whole town, especially the Bush Races Committee and volunteers, can be incredibly proud of.

I'm still a relative newcomer to Kulin, but never fear—I've been out there getting my hands dirty and having a blast getting to know more of the community as we work side by side. Under the expert guidance of Mary Lucchesi, I've been helping keep our hardworking crew fuelled and fed. As they say, an army runs on its stomach—and pulling off something as spectacular as the Kulin Bush Races really does take an army of volunteers.

And that army takes some feeding. It's been a feast of toasted sandwiches, burgers, sausages, slices, bikkies, and cake. Thank goodness we live in a town of master cooks! I decided to contribute a plate of brownies for afternoon tea. I happily cooked a double batch, stacked them high on a plate, and gave it a look over: "Oh yeah, that's heaps—there'll be leftovers for sure," I thought.

But no! That loaded plate vanished in record time, leaving behind only a few scattered crumbs as the volunteers dashed off to resume their tasks.

So, seeing as the brownies were devoured with gusto, I figured that's the recipe worth sharing this week. It's dead easy, always a winner, and perfect for feeding a hungry crowd. As always, from my table to yours, enjoy!

Fudgy Chocolate Brownies

Ingredients:

Brownies

- 375g butter
- 300g dark chocolate (use the good stuff its worth it!)
- 6 eggs
- Large pinch of salt
- 570g caster sugar
- 240g plain flour (use gluten free if required, it still works perfectly)
- 2 cups of Nuts or chocolate chips (I use half Dark Chocolate and half Milk Chocolate for amazing chocolate overload)
- 2 tsp of good bourbon

Frosting

- 60g butter
- 60g milk chocolate
- 1/4 cup evaporated milk
- 1 tsp vanilla essence
- about 2 cups of icing sugar, adjust to a consistency that coats the back of a spoon.

Method:

1. Preheat your oven to 180 degrees.
2. Chop your chocolate and butter into small pieces and melt in a double boiler, then set aside to cool.
3. Beat all six eggs with your sugar until extremely light and fluffy, it will double in size!
4. Add the flour and salt and gently combine.
5. Add the cooled chocolate mix and bourbon and fold through with a spatula until all mixed in.

6. Add your chocolate chips/nuts and gently fold through.
7. Pour into a large lined lamington tray. Bake about 45 minutes until set but still sticky in the middle.
8. Remove from the oven and cover with foil to keep the moisture in while it cools..
9. Make your frosting - Melt the butter and chocolate together in a saucepan with the evaporated milk and vanilla.
10. Once melted add the icing sugar and mix together until smooth and adjust the amount of icing sugar so that the consistency allows you to coat the back of a spoon.
11. Pour over the still warm brownie and allow to set.
12. Cut into pieces with a hot knife and serve!

Wildflowers of Kulin

Discover the wonder. Embrace the wild.

O*rchid Ramblings in the Shire* We are in full swing with our stunning native orchids in bloom throughout the shire. We've put together a really lovely little display wall in the Visitors Centre showcasing our special natural treasures and in this edition of The Kulin Update, we pause our regular Garden Update to share a visitor's perspective, a joyful account of wildflower trails, orchid sightings, and the quiet magic of Kulin's natural spaces sent through to Trish our amazing Customer Service Officer here at the Shire.

As the atrocious weather has kept us grounded, I thought I would write of our recent orchid adventures.

We have just experienced 2 weekends looking at wildflowers and orchids within the shire and just on its outskirts in Corrigin (Gorge Rock) and Kondinin at Yeerakine Rock.

The first day, we visited Hopkins Reserve along Commonwealth Road. We saw orchids growing roadside so we stopped and found a few species quickly. Onto Hopkins Rd and it is always a joy to see the Foxes Banksia. More orchids found here included a couple of Dancing spiders.

A visit to Jilakin Rock was next. Within a short walk of the carpark we found many species of Spider orchids and in good numbers. This visit would become a highlight of both our stays.

Within the townsite of Kulin, there is easy access to a number of orchid spots including the bush behind the caravan park and Rankin Street bushland. The Macrocarpa trail has many orchids and other wildflowers on display.

Our second visit this weekend involved visits to Jitarning South Reserve, Gnarning Road West (intersection of Gorge Rock/Lake Grace Road) and Yeerakine Rock. We found orchids in every location.

A few of the spots we visited are known to us from previous stays. We have the

philosophy though that any bush is worth a look. The road to Kondinin from Kulin was a good example of this. Along the railway reserve opposite the golf club, there are nice bunches of Spider orchids and many Donkey orchids. About another 5kms out we stopped again. Plenty of orchids here to see.

The wildflowers are also stunning and we have not overlooked these.

Trish, thank you for your help with our booking with the caravan park and your information on sightings of orchids.

We will return soon because there are so many spots to still explore.

Build Your Balance

Simple steps to

STAY ON YOUR FEET®

Please see your Doctor if you have concerns before starting. Before beginning each exercise make sure you are holding onto a sturdy support such as the kitchen bench or heavy table. Move slowly and stop if you feel faint or have any pain or discomfort.

Feet Together

- Hold onto a support and stand up tall with feet together.
- Hold for 10 seconds.
- Repeat twice.

Make it harder

1. Remove hand from support
2. Close your eyes
3. Increase to 15 seconds

Step Forward

- Hold onto a support and stand up tall with feet together.
- Take a step forward with your left leg.
- Hold for 10 seconds.
- Swap legs so your right leg is in front and begin again.
- Repeat twice on each leg.

Make it harder

1. Remove hand from support
2. Close your eyes
3. Increase to 15 seconds

Foot in Front

- Hold onto a support and stand up tall with feet together.
- Take a step forward with your right leg placing it directly in front of your left foot so the heel and big toe are touching.
- Hold for 10 seconds making sure your foot doesn't rest against your other leg whilst balancing.
- Swap legs so your left leg is in front and begin again.
- Repeat twice.

Make it harder

1. Remove hand from support
2. Close your eyes
3. Increase to 15 seconds

Single Leg Standing

- Hold onto a support with both hands and stand up tall with feet together.
- Bend your right knee so your foot comes up off the ground.
- Hold for 10 seconds.
- Swap legs so your left foot is off the ground. Begin from the start.
- Repeat twice.

Make it harder

1. Remove hand from support
2. Close your eyes
3. Increase to 15 seconds

Be breast aware this October

Cancer Council WA is urging everyone in the Wheatbelt to take Breast Cancer Awareness Month as an opportunity to familiarise themselves with the common symptoms of breast cancer.

In 2021, 1,862 women were diagnosed with breast cancer, and sadly, 279 women and one man lost their lives to the disease. In the Wheatbelt, 64 women were diagnosed with breast cancer and sadly, 13 died from it.

Common symptoms of breast cancer include:

- A lump or hard area in your breast or underarm, especially if it is only on one side
- A change in the size, shape or feel of your breast
- Change in the look of your breast, including redness, rash, or your skin looks like the skin of an orange, or is wrinkling in small folds
- Changes to the nipple, like it's pulled inwards, leaking, itchy or has a sore that won't heal
- Breast pain or discomfort, especially if it is only on one side
- An area of the breast that feels different to the rest

If you have had any of these symptoms for more than four weeks, tell your doctor, clinic nurse or Aboriginal health worker as soon as possible.

If you have any of the symptoms, it doesn't mean you've got cancer; often, it turns out to be something less serious, but finding breast cancer early often means that the breast cancer is small, less likely to have spread to other parts of the body and can be more effectively treated.

Cancer Information and Support

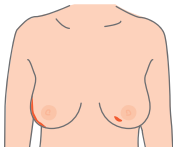

To find out more about common cancer symptoms, visit www.findcancerearly.com.au, or if you're feeling overwhelmed and you need someone to talk to, call Cancer Council's Information and Support Line on 13 11 20 and speak to one of our cancer nurses.

Common symptoms:

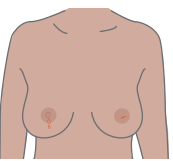

Lumps and bumps

A lump or hard area in your breast or underarm, especially if it is only on one side.

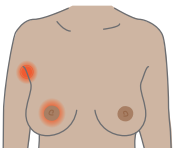

Unusual dimpling or rashes

Change in the look of your breast, like: your skin looks like the skin of an orange, your skin looks and feels different in one area, redness or rash.

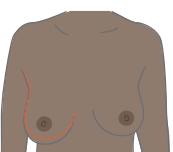

Changes to the nipple

Changes to the nipple, like: it's pulled inwards, leaking, itchy or has a sore that won't heal.

Pain or swelling

Breast pain or discomfort, especially if it is only on one side.

A change in size

A change in the size, shape or feel of your breast.

Get to know your breasts and what is normal for you. If you notice any of these symptoms or unusual changes, talk to a doctor, clinic nurse or Aboriginal health worker without delay.

If you have a symptom, it does not mean you have breast cancer. Often these symptoms turn out to be something less serious. However, it is important to get these symptoms or any unusual changes in your body checked out just in case.

NOT-FOR-PROFIT SUCCESS IN THE BUSH FORUM

Want to attend the Success in the Bush Forum but need a little help with the cost?

The Shire of Kulin wants to help local volunteers and community members get there.

We understand that cost can be a barrier, so we're looking to subsidise tickets for those in our community who are actively involved in not-for-profits or volunteering.

The level of support we can offer will depend on how many people are interested, so if you're keen — let us know early!

This is a fantastic opportunity to bring back practical ideas, inspiration, and connections to benefit our local groups and the wider Kulin community.

More information on the Forum can be found at segra.com.au or follow their facebook page.

INTAKE NOW OPEN

Heavy Duty Mechanical Apprenticeships Merredin, Mukinbudin, Cunderdin & Corrigin

The opportunity

Our annual apprentice intake is currently open, offering 4-year Heavy Duty Mechanical Apprenticeships for commencement in February 2026. The apprenticeships will be based at the Hutton & Northey Sales branches of Merredin, Mukinbudin, Cunderdin & Corrigin.

The role

During your apprenticeship you will learn to diagnose, troubleshoot, examine, test & repair a range of heavy-duty machinery and equipment with industry leading technologies

The position

The apprenticeships are full-time and fully paid, providing the opportunity to gain hands on experience in the industry, and qualifying in a Certificate III in Agricultural Machinery Technology.

As part of your specific qualification training, each year you will be enrolled in three, two-week TAFE training blocks at an accredited TAFE training institution off site. We also offer ongoing upskilling and training into your employment to keep pace with rapidly changing technology in the industry.

Additionally, our experienced technicians will provide guidance and support you in your training and learning.

The next step

Please email your covering letter and resume to hr@hutnorsales.com.au with:

- Licences you have (eg: drivers, forklift)
- Certificates completed (eg: Cert II in Automotive)
- School Reports from your last 2 years of education (with comments)

Call our HR team on 08 9041 9500 for further information. Intake closes 30 September, 2025.

SEND US YOUR CV & WE'LL TAKE YOU TO THE TOP!

FEEDBACK FORM

We'd Love Your Feedback

Over the past few months, we've added some fresh features to the Kulin Update—more voices, more stories, and a few creative twists to keep it lively. Whether you've chuckled at a tin horse tale, found a handy hint useful in your backyard, or connected with a recipe passed down through generations, we hope our newsletter continues to feel like a warm chat across the garden fence.

Our ongoing goal is to make the Kulin Update:

- Current, so you're in the know with local news and happenings
- Informative, with practical advice and useful updates
- Entertaining, with light-hearted moments, puzzles, and stories
- Community-focused, weaving in your voices, traditions, and shared experiences
- Authentic, reflecting the unique spirit of life in Kulin

We'd love to hear how we're going. Whether it's a line or two, a suggestion for a new section, or a note on what made you smile—we're all ears.

Ways to share your thoughts:

- Fill out this form and drop it off at the CRC
- Complete our digital survey (link here, if hosted)
